Industry Institute Interaction Committee

Interaction between institution & industry is essential for conduct of the Technical / management courses. With the globalization and opening up of Indian economy the requirements of the industries have changed considerably. The Technical Institutions have therefore to interact with industry / corporate on continuous basis to keep abreast with their needs. The feedback from Industry will enable the institute to introduce, modify and channel all academic and other processes for educating and training future leaders and entrepreneurs. This will also assist the students to get suitable placements and the competent for effective on the job performance in the industries at National and International level.

OBJECTIVES:

- To explore and identify common avenues of interaction with industry
- To Establish Centre of Excellence by Industry/ Corporate to Provide Real Time exposure on Technologies
- To promote various research activities by the faculty members and students.
- To establish convergence with industrial and research organizations from various fields through MOUs as a form of interaction.
