**A THREE-DAY NATIONAL LEVEL WORK SHOP
ON**

DIGITAL IMAGE PROCESSING WITH MATLAB

(12th & 14th – SEPT 2019)

Date:

To

The Principal/HOD,

Dear Sir/Madam

Sub: A Three-Day Work Shop on Digital Image Processing with
MATLAB- announcement- Requested

We are pleased to inform you that the Electronics & Communication Engineering department of KRISHNA CHAITANYA INSTITUTE OF TECHNOLOGY & SCIENCES is organizing a Three-Day National level Work Shop on DIGITAL IMAGE PROCESSING WITH MATLAB on 12-09-2019 and 14-09-2019. The details of topics, rules and regulations are furnished in the enclosed brochure.

We earnestly request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this work shop.

Thanking you for your kind co-operation and looking forward to participate more from your college

Yours truly,

(Dr. P. Prasanna Murali Krishna)

APPLICATION FORM
A THREE-DAY WORKSHOP
ON
DIGITAL IMAGE PROCESSING
WITH MATLAB
(September 12th to 14th, 2019)

Department of
Electronics & Communication Engineering
Krishnachaitanya Institute of Technology &
Sciences, MARKAPUR-523320

1. Name ;
2. Institution;
3. Department;
4. Address for correspondence:

5. Mobile No;
6. Accommodation: Yes/No

Declaration

The information provided is true to the best of my knowledge. If selected, I agree to abide by the rules and regulations of the course and shall attend the course for the entire duration. I also undertake the responsibility to inform the coordinator in case I am unable to attend the course.

Place:

Date:

Signature of the candidate

WORKSHOP OUTLINES

DAY-1:

- Prologue to The MATLAB Software.
- MATLAB Working And contrast Between the Other Design Tools and MATLAB Software.
- Preface to The MATLAB Environment DIP, COMMUNICATION Toolbox, Preface on the Digital Images, Signals, Communication, Antennas, Radars in MATLAB software
- Basic digital image processing coding.
- Enhancing the Digital Images Both Black and White and Color Images.
- The coding Implementation filters In MATLAB And Noise Types with Different File Format Images.
- Edge Detection Methods and Enhance the Edges with Binary Images
- Application Of Digital Image Processing with real time examples.
- Implementation of Basic images with read, show, write images.
- Implementation of Basic Principles enhancement images coding.
- Implementation of coding adds noise and remove noise by using different filters.

DAY-2:

- Working and Analysis morphological operations With Basic Implementation. Binary and gray scale and color image Segmentation with Implementation.
- lab practice
- Working on algorithms in data transmission and reception

DAY-3:

- Prologue to The MATLAB Software.
- MATLAB Working And contrast Between the Other Design Tools and MATLAB Software.
- Preface to The MATLAB Environment DIP COMMUNICATION Toolbox,
- Preface on the Digital Images, Signals, Communication, Antennas, Radars in MATLAB software.
- Basic digital image processing coding. Enhancing the Digital Images Both Black and White and Color Images.

ABOUT THE COLLEGE

Krishnachaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, M.L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishnachaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (EEE, ECE, CSE, ME & CE) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V.Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

ABOUT THE DEPARTMENT

The department of Electronics and Communications Engineering was established right from the inception of the college with an annual intake of 120 students in UG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

WORKSHOP HIGHLIGHTS

Image processing is a method to perform some operations on an image, in order to get an enhanced image or to extract some useful information from it. It is a type of signal processing in which input is an image and output may be image or characteristics/features associated with that image. Nowadays, image processing is among rapidly growing technologies. It forms core research area within engineering and computer science disciplines too.

Image processing has applications in areas such as medicine, agriculture, manufacturing, transportation, communication systems, and space exploration etc.

MATLAB provides a comprehensive set of reference-standard algorithms and workflow apps for image processing, analysis, visualization, and algorithm development. We can perform image segmentation, image enhancement, noise reduction, geometric transformations, image registration, and 3D image processing.

Eligibility:

The program is open to III and IV year students of ECE department of AICTE approved engineering colleges and professionals from R&D organizations.

Registration fee: Rs. 400/-

Registration Process: Registration forms duly filled in the prescribed format should reach the Coordinator on or before 10th September, 2019. Fee will be paid at the time of registration on the 1st day of workshop.

STAFF MEMBERS OF DEPARTMENT

- Dr.P. Prasanna Murali Krishna (HOD)
- Dr. P. Srinivasulu
- Mr M. Raju
- Mr A. Prasad
- Mr K. Ranjit Kumar
- Mr A. Sivaiah
- Mr S. Velugonda Reddy

WORK SHOP ON MATLAB ECE

Day 1 schedule:

Morning:

9:00 AM to 9:10 AM

- > Inauguration gathering.

9:10 AM to 9:25 AM

- > Prologue regarding organization and self introduction.

9:25 AM to 11:00 AM

- > Prologue to The MATLAB Software.
- > MATLAB Working And contrast Between the Other Design Tools and MATLAB Software.
- > Preface to The MATLAB Environment DIP, COMMUNICATION Toolbox,
- > Preface on the Digital Images, Signals, Communication, Antennas, Radars in MATLAB software.

11:00 AM to 12:30 PM

- > Basic digital image processing coding.
- > Enhancing the Digital Images Both Black and White and Color Images.
- > The coding Implementation filters In MATLAB And Noise Types with Different File Format Images.
- > Edge Detection Methods and Enhance the Edges with Binary Images
- > Application Of Digital Image Processing with real time examples.

Evening:

1:15 PM to 4:00 PM

- > Implementation of Basic images with read, show, write images.
- > Implementation of Basic Principles enhancement images coding.
- > Implementation of coding add noise and remove noise by using different filters.

Day 2 schedule:

9:00 AM to 11:00 AM

- > Working and Analysis morphological operations With Basic Implementation.
- > Binary and gray scale and color image Segmentation with Implementation

Evening:

1:15 PM to 4:00 PM

- > lab practice
- > Working on algorithms in data transmission and reception

Day 3 schedule:

- > Prologue to The MATLAB Software.
- > MATLAB Working And contrast Between the Other Design Tools and MATLAB Software.
- > Preface to The MATLAB Environment DIP, COMMUNICATION Toolbox,

VERTULONIX

your success is our passion

Address

104, Padma's Raja Enclave
G2110, Hyderabad
040-40176264/9030456161
info@vertulonix.com

- Preface on the Digital Images, Signals, Communication, Antennas, Radars in MATLAB software.
- Basic digital image processing coding.
- Enhancing the Digital Images Both Black and White and Color Images.
- The coding Implementation filters In MATLAB And Noise Types with Different File Format Images.
- Edge Detection Methods and Enhance the Edges with Binary Images

Application of Digital Image Processing

- Working and Analysis morphological operations With Basic Implementation.
- color filters
- python working environment with digital image processing tool box

Note: Need lab for this session

Requirements for conducting Workshop in your campus:

- Computer lab with projectors and enough computers with MATLAB software,
- One / Two LCD projectors for presentation,
- Internet connection for laptop,

Important Terms & Conditions

1. Company reserves the full right to alter/manipulate/rearrange/ the order of sessions during the course of the workshop.
2. If needed, company may skip or add any particular session (s) as needed.
3. College authorities will have no right to manipulate the method of teaching and request for such type of matters will not be entertained by visiting trainers however company members will first ask details about attending participants from esteemed faculty members

NAAC ACCREDITED INSTITUTION

A Three Day work shop on Digital image Processing MATLAB

Report

Name of the program : A three day workshop on digital image processing with matlab

Duration of the program: 12/9/2019-14/9/2019

Resource person details: Mr.G.Jagadheesh, Vertulonix Technologies, Hyderabad,

Mob no: 7075646447

A three day workshop on digital image processing with matlab was held in department of electronics and communication engineering, KITS College, markapur from 12 September 2019 to 14 September 2019. Mr.G.Jagadheesh, Vertulonix Technologies, Hyderabad attended to this workshop as a resource person and conducted very informative sessions to students. Total 36 students participated to this workshop. Dr.P.Prasanna murali Krishna acted as a convener, Mr.S.velugonda reddy and D.Anjaneyulu acted as a coordinators. The main objective of this program is students to know the image processing and matlab. The details of image processing are Image processing is a method to perform some operations on an image in order get an enhanced image or to extract some useful information from it. It is a type of signal processing in which input is an image and output may be a image or characteristics/features associated with the image. Now a day's image processing is among rapidly going technologies. It forms a core research area with in engineering and computer science discipline too. Image processing has applications in areas such as medicine, agriculture, manufacturing, transportation, communication systems and space exploration etc. MATLAB provides a comprehensive set of reference standard algorithms work flow apps for image processing, analysis, visualization, image enhancement, noise reduction, geometric transformations, image restoration and 3D image processing. Dr.P.Prasanna murali krishna ,HOD,ECE,coordinators,some of the staff members expressed the gratitude for sharing his expertise with everyone.

(26th to 28th - DECEMBER 2019)

Date:

To
The Principal/HOD,

Dear Sir/Madam

Sub: A Three-Day Work Shop on "VLSI Full Custom IC Design"
Using Mentor EDA Tools - announcement- Requested

We are pleased to inform you that the Electronics & Communication Engineering department of KRISHNACHAITANYA INSTITUTE OF TECHNOLOGY & SCIENCES is organizing a Two-Day National level Work Shop on "VLSI Full Custom IC Design" Using Mentor EDA Tools on 26-12-2019 to 28-12-2019. The details of topics, rules and regulations are furnished in the enclosed brochure.

We earnestly request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this work shop.

Thanking you for your kind co-operation and looking forward to participate more from your college

Yours truly,

(Dr. P. Prasanna Murali Krishna)

Date:

Signature of the candidate

WORKSHOP OUTLINES

DAY-1:

Theory Session:

- Basics of ASIC Design and ASIC Vs FPGAs
- Full Custom Flow and Semi Custom Design Flow
- Latest Advancements VLSI Industry
- Full Custom Design Flow
Schematic Entry, Spice Models, Simulation, DC Analysis and Measurement of Operation Point, Analysis Transient and Power Analysis
- Layout entry Floor planning, Placement, Routing Physical Verification Using Industry Standard Caliber Tool (DRC, LVS, xRC)
Summary and Queries

DAY -2:

- Analog Design Flow
Schematic and Simulation for CS/Differential Amplifier AC Analysis DC and Transient analysis
- Layout Entry for Differential/CS Amplifier
Placement of Cells Routing Physical Verification Post Layout Simulation

DAY -3:

- Creating Schematic using own library (Cell Based Design) Schematic and Simulation new schematic from existing libraries DC Analysis Transient analysis and Operating Analysis
- Layout Entry for Cell Based Design
Placement of Pre Placed Cells Automated Routing of Pre Placed Routing followed by manual routing for missed nets Physical Verification followed by LVS/PEX analysis Post Layout simulation and Analysis

Co-Ordinators:

1. Mr. A. Prasad, Associate Professor
2. Mr. M. Ramana Reddy, Assistant Professor

ABOUT THE COLLEGE

Krishnachaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, Ex-M.L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an ideological, young and dynamic personality with updated administrative and technological views.

Krishnachaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (FEE, ECE, CSE, ME & CE) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V.Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

ABOUT THE DEPARTMENT

The department of Electronics and Communications Engineering was established right from the inception of the college with an annual intake of 120 students in UG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

WORKSHOP HIGHLIGHTS

Mentor Graphics is a technology leader in electronic design automation (EDA), providing software and hardware design solutions that enable companies to develop better electronic products faster and more cost-effectively. The company had two technical differentiators: the first was the software - Mentor, Valid, and Daisy each had software with different strengths and weaknesses. The second was the hardware - Mentor ran all programs and Valid each built their own hardware. The company offers innovative products and solutions that help engineers overcome the design challenges they face in the increasingly complex worlds of board and chip design. Mentor Graphics has the broadest industry portfolio of best-in-class products and is the only EDA company with an embedded software solution.

Specialties are Electrical & Wire Harness Design, Embedded Software, FPGA Systems Design, Functional Verification, IC Manufacturing, IC Design, Mechanical Analysis, PCB Design Software, PCB Manufacturing, Silicon Test & Yield Analysis, System Modeling, Vehicle System Design

Eligibility:

The program is open to III year students of ECE, AICTE approved engineering colleges and professionals from R&D organizations.

Registration fee: 500/-

Registration Process: Registration forms duly filled in the prescribed format should reach the Coordinator on or before 24th December, 2019.

Dear Sir/Madam

Sub:One day workshop on NDT-Announcement

We are pleased to inform you that the MECHANICAL Engineering department of **KRISHNA CHAITANYA INSTITUTE OF TECHNOLOGY & SCIENCES** is organizing a **National Level Student Work shop** titled **One Day workshop on NDT** on 24-09-2019. The details of topics, rules and regulations are furnished in the enclosed broucher.

We earnestly request you to give wide publicity among the students by displaying the broucher. I further request you to encourage your students to participate in this Work shop.

ABOUT THE COLLEGE

Krishnachaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, Ex-M .L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title “JALADATA” for his renowned service and he was given an award “PRATIBHA PURASKAR” and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishnachaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (EEE, ECE, CSE, ME & CE) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V.Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

ABOUT THE DEPARTMENT

The department of Mechanical Engineering was established right from the inception of the college with an annual intake of 60 students in UG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

THE HOD,

Electrical and Electronics Engineering. Department.

Dear Sir/Madam

Sub: Workshop on MATLAB fundamentals

We are pleased to inform you that the **Electrical and Electronics Engineering** department of **KRISHNA CHAITANYA INSTITUTE OF TECHNOLOGY & SCIENCES** is organizing a **ONE DAY WORKSHOP ON MATLAB FUNDAMENTALS** on 20-06-2019. The details of topics, rules and regulations are furnished in the enclosed broucher.

We earnestly request you to give wide publicity among the students by displaying the broucher. I further request you to encourage your students to participate in this Work shop.

Thanking you for your kind co-operation and looking forward to participate more from your college

Any further information and details can be had from the convener

Thanking you.

Yours truly

Workshop on MATLAB Fundamentals

Report

Name of the program : Workshop on MATLAB Fundamentals

Duration of the program : 20/9/2019

Resource person details : M.Sivareddy,Jr electrical engineer, Krest Technologies

Department of the Electrical and electronics Engineering had organized Workshop on MATLAB fundamentals on 20 September 2019. M.Sivareddy,Jr electrical engineer, Krest Technologies has attended to this program as a resource person and conducted very informative session to the students on Fundamentals of MATLAB. This event has conducted for III and IV electrical and electronics engineering students. Total 63 students participated to this event. Mr.Iliaz and Mr.Raju acted as a coordinators and Mr.balarama Krishna rao acted as a convener to this event. The main objective of this work shop is students aware of Matlab fundamentals. The main introduction about MATLAB is it provides a comprehensive set of reference standard algorithms work flow apps for image processing, analysis, visualization, image enhancement, noise reduction, geometric transformations,image restoration and 3D image processing.Mr.Balarama krishna rao,coordinators and some of staff members shared their expertise at last session of the event.

Workshop on Design and Modeling of power systems using simulink

Report

Name of the program : Workshop on design and modeling of power systems using simulink

Duration of the program : 26/9/2019

Resource person details: M.Sivareddy,Jr electrical engineer, Krest Technologies

Department of the Electrical and electronics Engineering had organized Workshop on design and modeling of power systems using simulink on 26 September 2019. M.Sivareddy,Jr electrical engineer, Krest Technologies has attended to this program as a resource person and conducted very informative session to the students on design and modeling of power systems using simulink. This event has conducted for III and IV electrical and electronics engineering students. Total 61 students participated to this event. Mr.Iliaz and Mr.Raju acted as a coordinators and Mr.balarama krishna rao acted as a convener to this event. The main objective of this program is students to know design and modeling of power systems using simulink.Mr.Balarama krishna rao,coordinators and some of staff members shared their expertise at last session of the event.

A THREE DAY WORKSHOP

ON

"ADVANCED ANDROID PROGRAMMING "

(26/02/2020 TO 28/02/2020)

Date:24-02-2020

To

The Principal/HOD,

Dear Sir/Madam

Sub: A **THREE DAY WORKSHOP ON ADVANCED ANDROID PROGRAMMING** announcement- Requested

We are pleased to inform you that the Computer Science and Engineering department of **KRISHNA CHAITANYA INSTITUTE OF TECHNOLOGY & SCIENCES** is organizing "A **THREE DAY WORKSHOP ON ADVANCED ANDROID PROGRAMMING**" during 26-02-2020 to 28-02-2020. The details are furnished in the enclosed brochure.

We earnestly request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this work shop.

Thanking you for your kind co-operation and looking forward to participate more from your college.

Yours truly,
(Mr. M.GNANA VARDHAN)

ABOUT THE COLLEGE

Krishna Chaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, M.L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views. Krishna Chaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (CSE, ECE, AI&ML, CIVIL and AI) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V. Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

ABOUT THE DEPARTMENT

The department of Computer science and Engineering was established right from the inception of the college with an current intake of 180 students in U.G. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

COURSE OBJECTIVES

Workshop has been designed with the following objectives

- Provide introduction to **ADVANCE ANDROID** Programming
- Exposure to various subfields and technology stack of **ANDROID** Programming
- The fragment in your activities UI, Either by including it statically or dynamically
- The android sensor framewrok to get data from device sensors such as the accelerometer and geomagnetic field sensor

ABOUT THE WORKSHOP

Advance android programming Exposure to various subfields and technology stack of android programming The fragment in your activities ui, either by including it statically or dynamically. The android sensor framewrok to get data from device sensors such as the accelerometer and geomagnetic field sensor

- Android is open source operating system
- Easier entry to market
- Numerous & variety of job opportunities to choose from
- Enormous market share of apps.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

REPORT OF THE EVENT

EVENT NAME: A THREE DAY WORKSHOP ON ADVANCED ANDROID PROGRAMMING

DATE: 26/02/2020-28/02/2020

RESOURCE PERSON DETAILS: Mr.U.GOPI, software engineer from Nettlecker, Hyderabad

Department of computer science and engineering, KITS, Markapur has organized a WORKSHOP ON ADVANCED ANDROID PROGRAMMING for CSE final Year students on 26/02/2020 TO 28/02/2020 at Charles barbbage seminar hall. **Mr.U.Gopi** Nettlecker, Hyderabad from was the resource person and Mr.E.Rajesh acted as a coordinator for this event.

During the lecture, **Mr.U.Gopi** software engineer from Nettlecker, Hyderabad spoke about introduction of Internet of Thing a new revolution of internet. A word where the real,digital and virtual are converging to create smart environment that makes energy, transport, cities and other areas more intelligent. A device become smart device is called IOT.A Provide introduction to ADVANCE ANDROID Programming. Exposure to various subfields and technology stack of ANDROID Programming. The fragment in your activities UI, Either by including it statically or dynamically. The android sensor frame work to get data from device sensors such as the accelerometer and geo magnetic field sensor". Feedback from the workshop was very positive – participants greatly enjoyed the chance to meet like-minded people from different colleges, the opportunity to network and to learn from one another, and the chance to explore ideas.

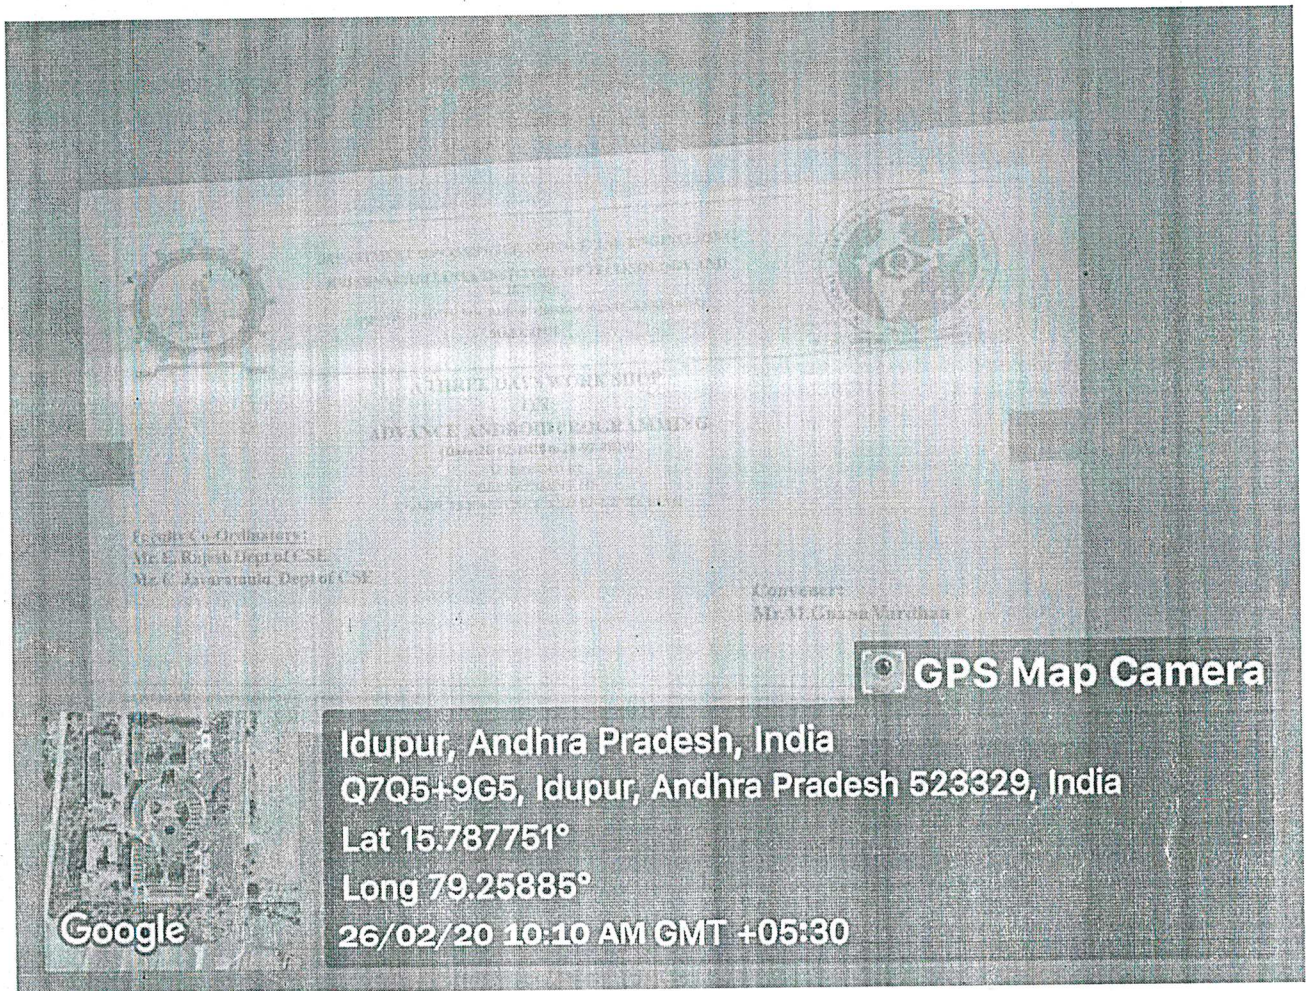

Earlier, Mr.E.Rajesh, coordinator for this program welcomed the guest speaker and introduced him to the audience. Head of the department of CSE, Mr.M.Gnana Vardhan thanked the speaker for sparing his valuable time to educate the budding engineers.

ABOUT THE COLLEGE

Krishna Chaitanya institute Of Technology and sciences, Markapur, founded by Sri Anna Venkata Rambabu, Ex. M.L.A of Giddalur Constituency under the name and Style of Anna educational Society. Sri Rambabu is a social worker and devoted his life for serving public. He, who got the title “**JALADATA**” for his renowned service and he was given an award “**PRATIBHA PURASKAR**” and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishna Chaitanya institute Of Technology and sciences, Markapur, is established in 2008 in pollution free hyginic, serene, lush green environment and meadows in an area of 36 acres of land and just 6 km from Markapur. This institute is offering Five B.tech cources i.e., Civil, CSE, ECE, EEE& ME with a total intake of 420.

Dr.V.Krishna Reddy, principal of this institute is a person of academic excellence with a vast experience in technical education and administration. He has published several technical papers in national and international journals and won academic awards.

ABOUT the Department

The department of civil engineering was established in the year of 2010 with an annual intake of 60 students. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

Technical Education & Quality Improvement Programme

PRINCIPAL
KRISHNA CHAITANYA INSTITUTE
OF TECHNOLOGY & SCIENCES
Devarajugattu (Village)
Peddaraveedu Mdl, Prakasam Dt, A.P.

ABOUT THE PROGRAMME

- AutoCAD is a computer-aided drafting software program used to create blueprints for buildings, bridges, and computer chips, among other things.
- From Architects, Designers to Engineers and everyone who are into creating designs will be in need of a design tool that would make their work easy.
- Gone are the days where designers used paper to draft their designs, with the advent of complex structures and designs, it became extremely difficult to use paper to visualize their ideas.
- AutoCAD 2D software provides an efficient solution for this, helping enthusiasts to visualize their ideas and give life to them.
- With powerful functionalities, AutoCAD 2D enhances workflow and helps an individual create real-life maps, diagrams, structures and schematics. Learning this software application also enables people from one industry to portray complex concepts on paper in the form of drawings.
- This workshop focuses from Basics concepts in the field of designing and increases the imagination power of the students in 2-d designing.
- It covers introduction of designing, 2-Ddesign, drafting and dimensioning, presenting design sheet and in the final work of project.

The workshop aims to provide adequate working to understand the various steps involved in the 2D designing, drafting and planning techniques that involves within a construction project.

Topics Covered

Day- I

Session- I (10:00am to 01:00pm)

Tendering Procedure for Buildings And Road Works With Construction Techniques

Session- II (02:00pm to 05:00pm)

Tendering Procedure for Canals and Reservoirs and Dams With Construction Techniques

Workshop On AUTOCAD

Report

Name of the program : Workshop on AUTOCAD

Duration of the program: 3/2/2020 to 8/2/2020

Department of the civil Engineering had organized 6 day workshop on AUTOCAD from 3/2/2020 to 8/2/2020. The resource person has given valuable information about AUTOCAD. Total 59 students attended to this program. Mr. k. Rajasekhar acted as a convener, Mr. sk. arifuddin and Mr. Chandrasekhar acted as a coordinators. The workshop aims to provide adequate working to understand the various steps involved in the 2D/3D designing, drafting and planning techniques that involves within a construction project. AutoCAD is a computer-aided drafting software program used to create blueprints for buildings, bridges, and computer chips, among other things. From Architects, Designers to Engineers and everyone who are into creating designs will be in need of a design tool that would make their work easy. Gone are the days where designers used paper to draft their designs, with the advent of complex structures and designs, it became extremely difficult to use paper to visualize their ideas. AutoCAD 2D software provides an efficient solution for this, helping enthusiasts to visualize their ideas and give life to them. With powerful functionalities, AUTOCAD 2D enhances workflow and helps an individual create real-life maps, diagrams, structures and schematics. Learning this software application also enables people from one industry to portray complex concepts on paper in the form of drawings. This workshop focuses from Basics concepts in the field of designing and increases the imagination power of the students in 2D designing. It covers the topics of introduction of 3D design, drafting and dimensioning, presenting design sheet and in the final work of project.

A ONE DAY WORKSHOP

"WEB DEVELOPMENT"

(18-12-2019)

Date: 16-12-2019

To
The Principal/HOD,

Dear Sir/Madam

Sub: **A ONE DAY WORKSHOP ON WEB DEVELOPMENT**
announcement- Requested

We are pleased to inform you that the Computer Science and Engineering department of **KRISHNACHAITANYA INSTITUTE OF TECHNOLOGY & SCIENCES** is organizing " **A ONE DAY WORKSHOP ON WEB DEVELOPMENT**" during 18-12-2019. The details are furnished in the enclosed brochure. We earnestly request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this work shop.

Thanking you for your kind co-operation and looking forward to participate more from your college.

Yours truly,
MR. M. GNANA VARDHAN

ABOUT THE COLLEGE

Krishna Chaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, Ex-M.L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views. Krishna Chaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (CSE, ECE, AI&ML, CIVIL and AD) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosatah garu for the infrastructure, equipment, results and discipline.

Dr. V. Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

ABOUT THE DEPARTMENT

The department of Computer science and Engineering was established right from the inception of the college with an current intake of 180 students in UG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

COURSE OBJECTIVES

The web development is a fully functioning website and develop on a web server. Find and use code packages based on their documentation to produce working results using extranal data.

ABOUT THE WORKSHOP

Web development gives you the opportunity to express yourself creatively on the internet

Web development is the wrok invoveld in developing a website for the internet(world wide web)

Web development can range from developing a simple static page of the to complex

Web applications ,electronics ,business, and social network services

Applications of web development

Technology in various Industries are

- web development refer to building website and deploying on the web.
- Web development requires use of the scripting language both the server ends as well as at client end
- Web development tools helps the developer to test and debug the web sites.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

REPORT OF THE EVENT

EVENT NAME: A ONE DAY WORKSHOP ON WEB DEVELOPMENT

DATE: 18-12-2019

RESOURCE PERSON DETAILS: Mr. V. TARAKESWAR, software engineer from AMDOCS, Pune

Department of computer science and engineering, KITS, Markapur has organized a WORKSHOP ON WEB DEVELOPMENT for CSE Final Year students on 18-12-2019 at Charles Babbage Seminar hall. Mr. V. TARAKESWAR, software engineer from AMDOCS from Pune was the resource person and Mr. E. Rajesh acted as a coordinator for this event.

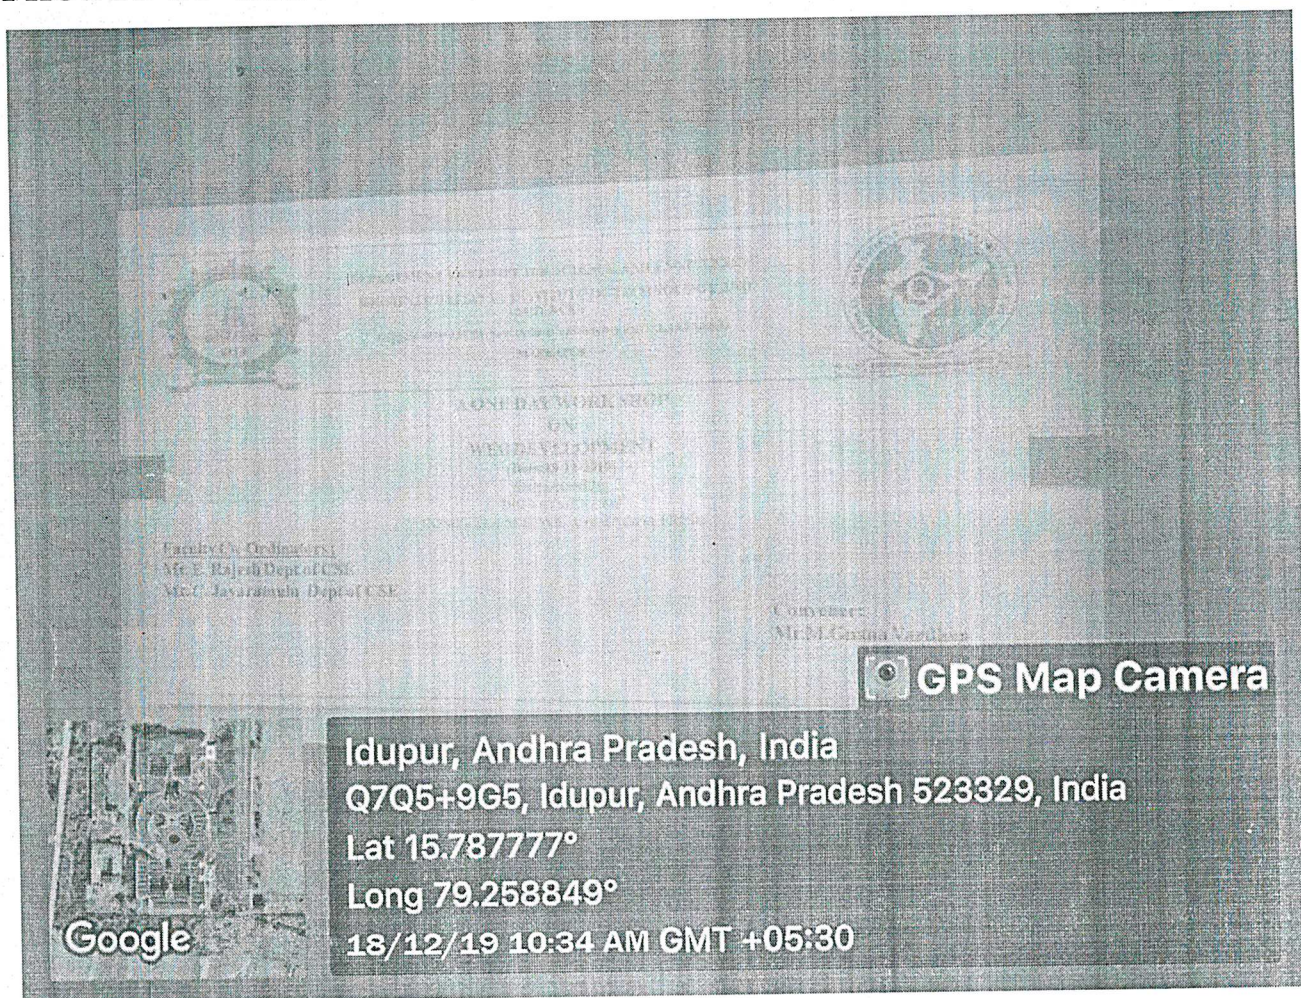

During the lecture, Mr. V. TARAKESWAR, software engineer from AMDOCS, Pune spoke about **web development** is the work involved in developing a website for the Internet (World Wide Web) or an intranet (a private network). Web development can range from developing a simple single static page of plain text to complex web applications, electronic businesses, and social network services. A more comprehensive list of tasks to which Web development commonly refers, may include Web engineering, Web design, Web content development, client liaison, client-side/server-side scripting, Web server and network security configuration, and e-commerce development. Among Web professionals, "Web development" usually refers to the main non-design aspects of building Web sites: writing markup and coding. Web development may use content management systems (CMS) to make content changes easier and available with basic technical skills. Smaller organizations may only require a single permanent or contracting developer, or secondary assignment to related job positions such as a graphic designer or information systems technician. Web development may be a collaborative effort between departments rather than the domain of a designated department the industry has boomed and has become one of the most used technologies ever.

Earlier, Mr. E. Rajesh, coordinator for this program welcomed the guest speaker and introduced him to the audience. Head of the department of CSE, Mr. M. GNANA VARDHAN thanked the speaker for sparing his valuable time to educate the budding engineers.

Dear Sir/Madam

Sub: A Two-Day workshop on CAD/CAM

We are pleased to inform you that the Civil Engineering department of KRISHNA CHAITANYA INSTITUTE OF TECHNOLOGY & SCIENCES is organizing a A Two-Day workshop on CAD/CAM 12-09-2019 TO 13-09-2019. The details of topics, rules and regulations are furnished in the enclosed broucher.

We earnestly request you to give wide publicity among the students by displaying the broucher. I further request you to encourage your students to participate in this Work shop.

Thanking you for your kind co-operation and looking forward to participate more from your college

Any further information and details can be had from the convener

Thanking you

Yours truly

ABOUT THE COLLEGE

Krishna Chaitanya institute Of Technology and sciences, Markapur, founded by Sri Anna Venkata Rambabu, Ex. M.L.A of Giddalur Constituency under the name and Style of Anna educational Society. Sri Rambabu is a social worker and devoted his life for serving public. He, who got the title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishna Chaitanya institute Of Technology and sciences, Markapur, is established in 2008 in pollution free hygienic, serene, lush green environment and meadows in an area of 36 acres of land and just 6 km from Markapur. This institute is offering Five B.tech courses i.e., Civil, CSE, ECE, EEE& ME with a total intake of 420.

Dr.V.Krishna Reddy, principal of this institute is a person of academic excellence with a vast experience in technical education and administration. He has published several technical papers in national and international journals and won academic awards.

ABOUT the Department

The department of civil engineering was established in the year of 2010 with an annual intake of 60 students. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

Technical Education & Quality Improvement Programme

ABOUT THE PROGRAMME

- AutoCAD is a computer-aided drafting software program used to create blueprints for buildings, bridges, and computer chips, among other things.
- From Architects, Designers to Engineers and everyone who are into creating designs will be in need of a design tool that would make their work easy.
- Gone are the days where designers used paper to draft their designs, with the advent of complex structures and designs, it became extremely difficult to use paper to visualize their ideas.
- AutoCAD 2D software provides an efficient solution for this, helping enthusiasts to visualize their ideas and give life to them.
- With powerful functionalities, AutoCAD 2D enhances workflow and helps an individual create real-life maps, diagrams, structures and schematics. Learning this software application also enables people from one industry to portray complex concepts on paper in the form of drawings.
- This workshop focuses from Basics concepts in the field of designing and increases the imagination power of the students in 2-d designing.
- It covers introduction of designing, 2-Ddesign, drafting and dimensioning, presenting design sheet and in the final work of project.

The workshop aims to provide adequate working to understand the various steps involved in the 2D designing, drafting and planning techniques that involves within a construction project.

Topics Covered

Day-1

Session- I (10:00am to 01:00pm)

Tendering Procedure for Buildings And Road Works With Construction Techniques

Session- II (02:00pm to 05:00pm)

Tendering Procedure for Canals and Reservoirs and Dams With Construction Techniques

A Two Day Workshop On CAD/CAM

Report

Name of the program : A Two Day Workshop On CAD/CAM

Duration of the program : 12/9/2019-13/9/2019

Resource person details: S SUBBA REDDY

KRCC Consultant

Mob no: 7981693095

A 2 day workshop on CAD/CAM was organized for III B.tech civil Engineering Students in KITS College, markapur from 12/9/2019 to 13/9/2019. Resource person conducted very informative sessions to students on CAD/CAM. The main objective of this program is students know about CAD/CAM. The introduction to Computer Aided Design includes the understanding of design with the help of computer which helps the students to convert their ideas into virtual reality. Computer Aided Manufacturing is the use of computer to control the machinery through a high level of automation helps to speed up the process. 3D printing is the new form of manufacturing and has wide scope in almost every field of engineering as well as pharmacy, jewellery design and medical applications. This technique helps to convert virtual reality into an actual physical model of the object. The training program is co-ordinate by K.Ramudu and M.V Ramesh. 53 students have been participated to this workshop. Mr. Rajasekhar acted as a convener. at last day of session Mr. Rajasekhar and program coordinators and some of the staff members shared their expertise on this program.
