E-Governance Policy

Krishna Chaitanya Institute of Technology and Sciences have introduced the e-governance to enhance good governance through transparency, participation and accountability from the stakeholders. The Enterprise Resource Planning of the Krishna Chaitanya Institute of Technology and Sciences provides of various privileges to its stakeholders. Two major fields under e-governance is e-administration and e-services. E-administration uses the ICT for information process and decision making by the administrators. E-services provides various service facilities.

1. Goals

- ❖ Improve internal process of governance
- ❖ Provide better information and service delivery to stakeholders
- ❖ Increase transparency of the college
- ❖ Reinforce accountability and credibility in stake holders
- ❖ Promote stakeholder participation through a decentralized approach.

2. Users and Privileges

The Enterprise Resource Planning of the Krishna Chaitanya Institute of Technology and Sciences provides of various privileges to its stakeholders. The Principal, Vice Principal, Examinations-Incharge, Academic Department Heads/Deans, Programme/Semester/Time Table Incharge, Administrative Officer/ HR-Administrator, Faculty, Non-teaching staff, Student, Parents. Each of the stakeholders has got access to various relevant data and functions to be performed at their level through ERP. Each of the stakeholder will have a unique username and password through which they need to log in the ERP. The Privileges available in ECAP is attached as Annexure.

3. The Principal

The college Principal has got access to details of students, their attendance percentage, internal and external marks, time table for each semester, academic workload of each faculty member, feedbacks from the student, fee payment details of student, individual profile of the students and faculty members, examination schedule, mark entry status, student admission status.

PRINCIPAL
KRISHNA CHAITANYA INSTITUTE
OF TECHNOLOGY & SCIENCE
Devarajugattu (Village
Peddaraveedu Mdl, Prakasam Dist)

Principal can also access the list of failed/passed students of each programme through ERP-ECAP.

4. Examinations-Incharge

The controller of examination has got access to examination related functions of entire academic programmes of the college. The Examinations-Incharge can access the examination schedule, student attendance status, exam application status, condonation status of students, access to mark entry done by faculty members (internal score), semester examination result, eligibility list of students from each programmes for applying examination, status of examination fee paid, generation of hall ticket and preparation of semester mark list.

5. Examinations-Section Assistant

In each academic department there will be an Examinations-Section Assistant, who will be facilitating the examination formalities in their department concerned. ACE has got access to various privileges in ERP. Examinations-Section Assistant can schedule the examinations; he can open and lock the mark entry portal for faculty members to upload the marks of the students. Examinations-Section Assistant can also create various evaluative components for the courses in the ERP.

6. Programme/Semester/Time Table InCharge

The programme/semester/time table Incharge has got limited access to creating various academic programmes in the ERP, structuring the academic programme in ERP, managing the semester in ERP, exporting students from one semester to the other semester, creating time table for various batches and making necessary adjustments in the time table on request from the department. If one faculty member is on leave, then the time table manager has the responsibility to swap those faculty's session to the other faculty based on the communication from the department concerned. He has to support the Head/Dean of various academic departments in managing the ERP in their departments.

7. Administrative Officer /HR-Administrator

Administrative Officer / HR-Administrator has the duty to creating individual accounts to newly appointed Faculty members, staff, students in the ERP – ECAP. Administrative Officer / HR-Administrator will assign privileges to various stakeholders in ERP- ECAP.

PRINCIPAL
KRISHNA CHAITANYA INSTITUTE
OF TECHNOLOGY & SCIENCES
Devarajugattu (Village)
Peddaraveedu Mdl, Prakasam Dt. A

8. Faculty

Faculty members will have access to student attendance of respective batches in which they are engaging sessions. They will have access to mark entry portal, time table, attendance status of individual students, number of sessions engaged for each batches. Faculty members can notify the students regarding their attendance status, assignment status and other relevant matters using ERP-ECAP.

9. Non-Teaching Staff

The non-teaching staff, who are working in various administrative and other departments will have access to various privileges in ERP-ECAP. The personnel who are in charge of student affairs will have access to student profile, fee payment details, and attendance reports. The staff who are in charge of faculty affairs will have access to details of courses handled by each faculty, faculty profile and faculty academic work load. They can also notify the students regarding their attendance status through ERP-ECAP.

10. Student

The students of Krishna Chaitanya Institute of Technology and Sciences has extensive use of ECAP. The complete life cycle of the student in Krishna Chaitanya Institute of Technology and Sciences is managed in ECAP. Right from the application to different programmes to admission list, fee payment, time table, attendance, internal marks, semester examination result, application for examination, examination schedule, academic time table and other relevant academic matters from this ERP.

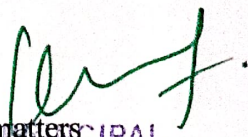

11. Parents

When a student is being admitted to an academic programme in Krishna Chaitanya Institute of Technology and Sciences College, their respective parent's will be automatically have a ECAP user account. Through this account, parents can access the attendance status, academic scores of their ward, time table, examination time table and other relevant matters.

12. Other Electronic Activities

12.1 E-mail & SMS

ECAP ERP will also generate E-mails and SMS to students and parents regarding matters which are relevant to them. These E-mails and SMS are generated on special commands provided

Attendance Register	attendance of the students present in ECAP.
Student Attendance View	When this privilege is assigned to a User / Employee, can view and generate attendance report (monthly and daily reports) of students according to their sections based on monthly, custom, overall. The user can add extra information (date of birth, gender, section etc..) of a student in attendance report by customizing the columns which are to be saved in the report.
Manage Student Records	When this privilege is assigned to a User / Employee, the User can Create and manage record groups(A record group is a collection of records used to capture details about students that are specific to a section. E.g., maintain the Health Records of students such as Height, Weight, Vision). Assign record groups to classes and sections Enter and manage student records
Applicant Registration	When this privilege is assigned to a User / Employee, the User can Create and manage Online applications for new joiners of classes in your organization. You can activate applicant registration for each class with customized forms and fields based on your requirements. The user can create new pins and give them to the applicant at the time of online registration. The user can Update the status of the online application received and Allocate or discard the applicant based on the terms and conditions.
Manage Transfer Certificate	When this privilege is assigned to a User / Employee, the user can generate Transfer Certificate The User can Choose and add the required fields in the transfer certificate based on your institution/board standards. The User can View and manage the transfer certificates generated for your outgoing students.

13.3 Academics

Examination Control	When this privilege is assigned to a User / Employee, the user can manage Grading Levels, Ranking Levels and Class Designations. Can Set grading levels, Ranking Levels, Class Designations, Grades, Weightages etc. for CCE. Manage Observation Groups, FA groups and association to subjects. Manage Basic CCE Report Settings, Detailed CCE Report Settings, Configure grade, upscale settings for scholastic subjects. Manage CGPA Settings, Report Settings for Exam, Grouped Exam and Transcript Reports. Configure how students are sorted in report cards and mark entry pages. Create new exams, enter marks Generates Student Reports for Grouped Exams. Generates exam-wise reports, subject-wise reports, Grouped Exam reports for archived students, reports for subject-wise student ranks, reports for sections-wise student ranks, reports for class-wise student ranks, reports for overall student ranks for this school, reports for sections-wise student rank per attendance, reports based on different
---------------------	--

	<p>ranking levels, student transcripts, combined student reports, combined student reports.</p> <p>Manage Online Exam System, create new online exam, view existing online exam, View online exam results, Reset exam for a student.</p>
Enter Result	<p>When this privilege is assigned to a User / Employee, the user can enter result even if no subjects are assigned.</p>
View Result	<p>When this privilege is assigned to a User / Employee, can view all the results in all batches even if no subject is assigned.</p> <p>The privileged user will be able to View online exam results.</p>
Manage Timetable	<p>When this privilege is assigned to a User / Employee, the user can Create and edit class timing sets.</p> <p>Set weekdays and class timing sets for each section, Create and manage timetable allocations, View the timetable for a class, View timetable of teachers, assign subjects to teachers, View the entire timetable for a day, Allocate classrooms.</p> <p>The user can customize Timetable by going into Timetable settings and Configure how you want the class details to be displayed in the Student and Employee timetable PDF Report.</p> <p>Manage Timetable Tracker, Manage Timetable Swapping, Generate Swapped Timetable Report.</p>
Timetable View	<p>When this privilege is assigned to a User / Employee, the user will be able to View the timetable for a class, View timetable of teachers, View the entire timetable for a day,</p> <p>Can view the Generate Swapped Timetable Report</p>
View Additional Reports	<p>When this privilege is assigned to a User / Employee, the User will be able to generate the following reports: -</p> <p>Generate Swapped Timetable Report Generates Class / Sections Details Generates Former students Details Generates Subject Details Generates Exam Schedule Details Generates Fee collection Details Generates Class Fees Defaulters Details Generates Students Fees Defaulters Details Generates Students Fees Head-wise Report Generates Siblings Report and finally.</p> <p>Generate the report of total number of classes, sections, students and employees present in the institution.</p>

Manage Allocations	<p>When this privilege is assigned to a User / Employee, the user can allocate classrooms for the employees and students based on the timetable.</p> <p>The user can allocate buildings in two ways, one way of allocating classroom is weekly basis and secondly by date wise.</p>
Manage Buildings	<p>When this privilege is assigned to a User / Employee, the user will be able to add buildings and their respective class numbers into the ECAP module. By this reference one can easily allocate classrooms to employees and students according to their timetable.</p>
Online Exam Control	<p>When this privilege is assigned to a User / Employee, the user can create new online exam, view existing online exam, view online exam results, Reset the online exam for a student.</p>
Manage Gradebook	<p>When this privilege is assigned to a User / Employee, the user will be able to manage the following features: -</p> <p>Exam Planners i.e., Create terms and add exam types for the academic year, manage grade book by Scheduling exams, enter marks and generate reports for classes and sections,</p> <p>Manage Grade profiles, ranking levels, Class designation, and other exam configurations, create attribute profiles to evaluate subject exams based on parameters (Attributes are parameters used to evaluate subject exams. Create attribute profiles and assign to subjects. For example, Class Participation profile has the following attributes: Attention in class, Response to questions, Maintenance of notebooks) Create activity profiles to manage grade based non scholastic evaluations (activity profiles are used for evaluation of non-subject related aspects of students. You can create multiple activity profiles and assign to different exam planners. Example Co- scholastic activities, Psychomotor skills etc.)</p> <p>Create and manage all applicable grading profiles for the institution (Grading profiles are used for evaluating grade based subject exams and activity exams. Create grading profiles here and assign to the exams in the planner. Example Co-scholastic grading profile.)</p> <p>Configure remark banks to group similar remarks under a set (Configure remark banks to group similar remarks under a set. Remark banks can be used with Field Codes that will autofill details like name, pronouns based on gender. When adding remarks, choose a remark bank and select the most appropriate remark(s) from the set.)</p> <p>View and download student-wise exam, term and planner reports, View and download subject-wise exam reports, View and download exam reports of all subjects.</p>

Gradebook Mark Entry	When this privilege is assigned to a User / Employee, he can schedule exams, enter marks and generate reports for classes and sections.
Certificate Management	When this privilege is assigned to a User / Employee, the user can Create and manage the templates of different certificates issued by this institution, Create templates for students and employees. Configure settings and design the template in the editor. Use available system fields or add your own custom field in the template. Create and manage the templates of different certificates issued by this institution. Generate certificate for one user or Generate certificates for many users at once The user can also manage Generated certificates (Here is the archive of all the certificates that are issued from your institution).
ID Card Management	When this privilege is assigned to a User / Employee, the user can Create and manage the templates of different ID cards issued by this institution, Create templates for students, guardians and employees Id cards. Configure settings and design the template in the editor. Use available system fields or add your own custom field in the template. Generate Individual ID Card (Generate an ID card for one user) Generate ID cards for many users at once (Generate ID cards for many users at once). View generated ID Cards (Manage all previously generated ID cards. Regenerate required certificates again)

13.4 Social / Other Activity

Create Group	Can create and delete group in discussion module.
Poll Control	Can create new poll and assign different sections and departments to it. View the votes for poll
Blog Admin	Can post, search and do the necessary settings required for blog creation
Gallery Admin	Can create album, add photos and set the visibility options.

13.5 System Settings

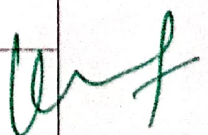

General Settings	Basic Settings about the school account like school name, Address, enabling roll number assignment, enabling google SSO etc. Can update different student categories in school. Can configure additional details (fields that are currently not there in
------------------	--

	ECAP) that needs to be updated about the student during the admission process.
Manage class/section	Can create and manage class and sections. Can activate or deactivate sections. Can manage subjects corresponding to different classes.
Subject Master	Manage subjects corresponding to different classes. Manage Subjects Groups, Elective Groups and Subjects on the class level. Manage subject skill sets, skill sets and sub skills. Link class subjects to sections.
Manage student roll numbers	Can edit roll number of students or assign a prefix to roll numbers class wise.
Send Email	Privilege to send emails to employees, students and parents.
Email Alert Settings	Do the settings for email alerts like setting email alert during examination scheduling etc. View the list of students who have unsubscribed email notification.
Message Settings	Enable or disable which users can send messages in the institution and who can they send messages to.

13.6 Finance Control

Manage Fee	Can do the necessary settings for fee configuration of the institution like receipt template, tax settings, invoice generation etc... Can create master fees, master particulars and master discounts. Create new fee collecting dates. Can view fee structure of students. Manage and pay instant fees. Manage all imported fees for any student. Can set the duration of the financial year, configure printer settings and configure the details of the receipt pdf.
Fee Submission	Can collect fees based on section, student wise or particular wise. Can view students with fees dues. Manage and pay instant fees.
Manage Refunds	Can view all refunds. Create refund rules for fee collection. Apply/Revert refund for student.
