**IQAC Annual Report for the Academic year 2019-2020**

IQAC has been initiating and guiding in the following areas for the continuous improvement in the academic and non academic processes. By doing so it helps the institution in achieving its goals and to develop excellence in a systematic approach.

**1. Academic Calendar:**

The Academic Calendar is prepared in-tune with the university academic calendar planning all the events semester-wise to be conducted. The departments have conducted various programs like workshops, seminars, training programs, NSS activities in accordance with institutional academic calendar.

**2. Mentoring:**

At the beginning of each semester the students are divided into batches of fifteen to twenty. Mentors have been allotted to guide and mentor them as a continuous observation.

**3. Active Learning Methods:**

To make teaching learning effective, ICT teaching aids such as PPT, Videos, Animations, NPTEL videos, live practical examples from various sources etc., have been employed for effective teaching.

**4. Project exposure through mini & main projects:**

To develop creative and innovative ideas the students are encouraged to have hands on experience through Mini & Main projects as a part of curriculum. The students have done various projects as a part of curriculum which improved their problem solving methodologies by experiential learning.

**5. Admission Team:**

Admission team every year organizes awareness and exposure programs to Intermediate students of surrounding junior colleges by conducting orientation programs like personality development, avoiding stage fear, exam phobia, leadership skills etc., with various personality development trainers. The students are also given the Branch selection and importance in this program. After joining the institution 3-week induction program is conducted to acquaint the newly joined students to the engineering programs. They are exposed to over all development through Yoga, Team

building activities, expert talks ,Alumni interaction ,Industry Requirements, Human Values and Ethics etc., The admissions are significantly improved for this academic year to 350.

**6. Financial Assistance:**

The institution provided financial assistance by providing concession in terms of university tuition fee, bus fee, hostel fee, and other relevant fees to encourage meritorious students who are unable to pay the fee due to unfavourable financial conditions.

**7. Alumni:**

Alumni form a very strong base in the growth of the institution. We have a track of the alumni since the inception. Through the alumni association the students will be given career guidance on latest technologies, job exposure & opportunities, higher studies like M.Tech or M.S programs etc.,

**8. Difficult subjects:**

Difficult subjects are identified based on the previous results, concept/problematic topics. The remedial classes have been conducted to overcome the difficulty of understanding of these subjects, extra hours are allocated for these subjects to clarify the doubts.

**9. Academic results:**

The end examination results are analyzed subject wise to know the students performance. If the result of any student is found below average, the student is counselled through the respective mentor to identify the problem areas and care will be taken to improve his/her performance.

**10. Training programs:**

Campus Recruitment Training (CRT)is offered to students to make them for job-ready. Here training is given to improve their hard as well as soft skills. Technical training is also provided to bridge the gap between academics and Industry.The students have undergone various training programs like Soft Skills, Life skills, CRT

trainings. The placements of the students significantly improved to 81 and students selected in MNCs are also significantly improved.

### **11. Technical workshops/ Seminars:**

The Technical workshops & seminars are organized in various departments to simplify the theoretical concepts and also gave exposure on practical usage of subjects.

The departments have conducted various workshops such as:

- i) A three day workshop on digital image processing with MATLAB
- ii) A Three day national level workshop on VLSI Full custom IC design using EDA Tools
- iii) One day workshop on applications of nondestructive testing
- iv) Workshop on design and modeling of power systems using simulink.
- v) MSME Entrepreneurship awareness programme.
- vi) 3 day workshop on Advanced Android programming etc.,
- vii) One Week Faculty Development on Low Power CMOS Circuit Design and Testing
- viii) Three day training program on Handling of CTM &UTM Equipments/Instruments
- ix) Six day training programme on Office Automation using Microsoft Office
- x) Six day training programme on Tally ERP 9
- xi) An Awareness Program on Government Funded Research Schemes
- xii) Three Day FDP on Data Science With Python
- xiii) One Week Faculty Development Programme on ML & Optimization Techniques
- xiv) Two day Workshop on Quantitative Research Methodology

### **12. HR Policies:**

A wide range of HR policies have been implemented to improve the retention of faculty in the institution. The faculty based on their experiences categorized into Assistant professor, Associate professor, and Professor. A faculty in each of these three categories is designated into the following hierarchical levels-junior scale, regular, and senior scale. All faculty depending on their years of teaching experience, PhD status, and service provided to the institution as designated to a specific role accordingly. The institute provides free mid-day meals and free transport facility to all faculty members including both teaching & non-teaching.

### **13. Cultural Activities Committee:**

For the overall development of the students in co-curricular and extra-curricular activities, the Students Welfare Department works in full swing. Student's council is formed to involve the student in the teaching-learning process as well as sports and

cultural events. Here the focus is on the students to initiate and organize events to enhance their interpersonal and leadership skills.

#### **14. R&D cell:**

To promote multidisciplinary research projects with industry collaborations the R&D cell encourages the faculty and students to promote research and publication of papers in international peer reviewed journals preferably with Scopus index, UGC approved journals and peer reviewed journals with ISSN. The publications of staff in reputed journals are significantly improved.

#### **15. MOU'S:**

All the respective departments particularly and the institution in general tie up with the industry through the Memorandum Of Understanding (MOUs). The institution had made several MOUs in this academic year in related to staff as well students. Through this various FDPs, Soft skills, workshops, certificate courses etc., have been organized during this year.

#### **16. Certificate and value added courses:**

To add more substance to the course workshops are organized to make the concepts clear which enable them to get certificates along with practical knowledge which helps to bridge the gap between the industry and academics.

#### **17. Transport Facilities:**

The Transport department is working efficiently to provide a meticulous service to the students and staff. The bus service is provided to all rural areas in and around 65 kms from the college. The college provides free bus facility to faculty members.

#### **18. NSS activities:**

The NSS unit has contributed its part and conducted several events during this academic year. The NSS unit has conducted events such as Blood Donation Camps, Free medical camps, swatch school, plantations, National child day, voters day, awareness on human rights etc., during this academic year.

**19. Progression to Higher Education:**

The number of students joined in M.Tech or M.S. programme has significantly improved to 10 and two of the qualified in GATE examination.

**20.** The Women welfare cell has taken several initiatives related women safety, welfare, gender equity and sensitization programs.

**21.** The Institution has also made several improvements in facilities for alternate sources of energy and energy conservation measures like Solar power plant, Bio-gas plant, sensor based energy sources, usage of LED bulbs etc.,
