## REPORT OF THE PROGRAM

### **CERTIFICATE PROGRAM : " Emerging Trends In Transportation Geo-Techniques"**

**RESOURCE PERSON(S):** Mr. K. Siva Sankar Reddy associate professor KNR Hyderabad

This program is conducted for III and IV B.Tech I. sem in order to train them for civil structural designs and in analysis of structure purpose. The resource person covered following topics:

| DAY | TOPICS  | DURATION |
|-----|---|----------|
| 1   | Introduction about Geotechnics<br>Technologies in civil engineering<br>Advance technologies in Construction Industry  | 5 hrs    |
| 2   | Design Concepts<br>Role of Engineer in adopting technology<br>Research and Development in Civil Engineering<br>Overlook of the recent Indian codal provisions for design in Geotechnics | 5 hrs    |
| 3   | Data inserting<br>Result Analysis   | 5 hrs    |
| 4   | Data inserting Using commands and input methods<br>Result Analysis of beams and columns   | 5 hrs    |
| 5   | Design of footing<br>Result Analysis and understanding the errors   | 5 hrs    |
| 6   | Design of slabs and columns and Pavement Analysis<br>Design parameters of columns and foundations and Applications  | 5 hrs    |

## OUTCOME OF THE PROGRAM

### **CERTIFICATE PROGRAM : Emerging Trends In Transportation Geo-Techniques**

- 1) To determine the stress, strain of soil, critical state of soil
- 2) Gain knowledge regarding the behavior of soil as an Engineering material in Civil Engineering Projects.
- 3) Learn to analyze and solve a range of soil-related problems, Especially that involving water flow and soil settlement.
- 4) Pavement Design and Maintenance.
- 5) Testing of Pavement Materials and Sub grade.
- 6) Ground improvement and Geosynthetic applications for Pavement.

## SUMMARY OF THE PROGRAM

### **CERTIFICATE PROGRAM : Emerging Trends In Transportation Geo-Techniques**

- 1) This is a transformational time in transportation, with many changes and technological advancements underway that will influence future travel demand.
- 2) Understanding how people might travel and where they might live helps planners and policymakers decide what policies and investments may be needed to ensure the performance of our transportation system.
- 3) The trends in population, geography, technology, and travel demand reviewed in this report begin to demonstrate the challenges and opportunities that face us in the coming years. The future requires flexibility and resilience.

### ABOUT THE COLLEGE

Krishna Chaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, Ex-M L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishna Chaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (CE, ECE, AI&ML, and AD) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V.Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

### ABOUT THE DEPARTMENT

The department of civil engineering was established in the year of 2010 with an annual intake of 60 students. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### ABOUT THE WORKSHOP

- To determine the stress, strain of soil, critical state of soil.
- Gain knowledge regarding the behavior of soil as an engineering material in Civil Engineering Projects
- Learn to analyze and solve a range of soil-related problems, especially those involving water flow and soil settlement
- Pavement Design and Maintenance
- Testing of Pavement Materials and Sub grade
- Ground improvement and Geosynthetic applications for Pavement

Dear Sir/Madam

Sub: "One Week Certificate Program on " **Emerging Trends  
In Transportation Geo-Techniques**"

We are pleased to inform you that the  
Civil Engineering department of **KRISHNA CHAITANYA  
INSTITUTE OF TECHNOLOGY & SCIENCES** is organizing a

A One Week Certificate Program on " " **Emerging Trends In  
Transportation Geo-Techniques On 18-07-2022 to 23-07-  
2022.**The details of topics, rules and regulations are furnished in the  
enclosed broucher.

We earnestly request you to give wide publicity among the  
students by displaying the broucher. I further request you to  
encourage your students to participate in this Work shop.

Thanking you for your kind co-operation and looking  
forward to participate more from your college

Any further information and details can be had from the  
convener

Thanking you

Yours truly

## OUTCOME OF THE PROGRAM

### **CERTIFICATE PROGRAM : ESTIMATION AND COSTING ANALYSIS**

- 1) Understand and preparation of an Abstract Estimate and detailed Estimate of building.
- 2) Determine earthwork quality for roads and canals.
- 3) Understand preparations of notice inviting tender document of bidding, Tendering process and examining rate analysis of civil works.
- 4) Design bar bending schedule for reinforcement works, identify specifications and tendering process for contract and create various tender documents for bidding purpose.
- 5) Evaluate the Valuation of buildings for different specifications and create new technologies to develop concrete Estimating methods.

## SUMMARY OF THE PROGRAM

### **CERTIFICATE PROGRAM : ESTIMATION AND COSTING ANALYSIS**

- 1) We concluded that cost estimation is a vital process that involves predicting the financial requirements of a project or activity.
  
- 2) It provides valuable insights that help you to make informed decisions, set budgets, allocate resources effectively, manage risks, and gain a competitive advantage.
  
- 3) Using cost estimation, organizations can ensure the success of their projects, deliver projects on time and within budget, and maintain their reputation in the industry.
  
- 4) Whether you are a construction company, software development firm, healthcare facility, or marketing agency, cost estimation is an essential tool to help you achieve your project goals and stay ahead of the competition.

Dear Sir/Madam

Sub: "One Week Certificate Program on " **ESTIMATION AND COSTING ANALYSIS**"

We are pleased to inform you that the Civil Engineering department of **KRISHNA CHAITANYA INSTITUTE OF TECHNOLOGY & SCIENCES** is organizing a

A One Week Certificate Program on " **ESTIMATION AND COSTING ANALYSIS** On 26-12-2022 to 31-12-2022. The details of topics, rules and regulations are furnished in the enclosed broucher.

We earnestly request you to give wide publicity among the students by displaying the broucher. I further request you to encourage your students to participate in this Work shop.

Thanking you for your kind co-operation and looking forward to participate more from your college

### ABOUT THE COLLEGE

Krishna Chaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, Ex-M .L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishna Chaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (CE, ECE, AI&ML, and AI) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V.Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

### ABOUT THE DEPARTMENT

The department of civil engineering was established in the year of 2010 with an annual intake of 60 students. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### ABOUT THE WORKSHOP

- Understand and preparation of an Abstract Estimate and detailed Estimate of building.
- Determine earthwork quality for roads and canals. Understand preparations of notice inviting tender document of bidding, Tendering process and examining rate analysis of civil works.
- Design bar bending schedule for reinforcement works, identify specifications and tendering process for contract and create various tender documents for bidding purpose.
- Evaluate the Valuation of buildings for different specifications and create new technologies to develop concrete Estimating methods.

### ABOUT THE DEPARTMENT

The department of Electricals & Electronics Engineering was established right from the inception of the college with an current intake of 30 students in UG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### COURSE OBJECTIVES

The course is designed to provide Basic knowledge of RENEWABLE ENERGY SOURCES. The objective is to prepare the students for NQTs organized by various MNCs.

### ABOUT THE WORKSHOP

Renewable energy is energy derived from natural sources that are replenished at a higher rate than they are consumed. Sunlight and wind, for example, are such sources that are constantly being replenished. Renewable energy sources are plentiful and all around us. Fossil fuels - coal, oil and gas - on the other hand, are non-renewable resources that take hundreds of millions of years to form. Fossil fuels, when burned to produce energy, cause harmful greenhouse gas emissions, such as carbon dioxide. Generating renewable energy creates far lower emissions than burning fossil fuels. Transitioning from fossil fuels, which currently account for the lion's share of emissions, to renewable energy is key to addressing the climate crisis. Renewables are now cheaper in most countries, and generate three times more jobs than fossil fuels.

To

The Principal/HOD,

Dear Sir/Madam

Sub: A One week Certificate program on **RENEWABLE ENERGY SOURCES** announcement- Requested

We are pleased to inform you that the Electrical & Electronics Engineering department of **KRISHNACHAITANYA INSTITUTE OF TECHNOLOGY & SCIENCES** is organizing A One week Certificate program on "RENEWABLE ENERGY SOURCES" during **10.10.2022 TO 15.10.2022**. The details are furnished in the enclosed brochure.

We earnestly request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this work shop.

Thanking you for your kind co-operation and looking forward to participate more from your college.

Yours truly,

(Mr. B.RAJU)

### ABOUT THE COLLEGE

Krishna Chaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, Ex-M .L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishna Chaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (CE, ECE, AI&ML, and AI) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V.Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

### ABOUT THE DEPARTMENT

The department of Electricals & Electronics Engineering was established right from the inception of the college with an current intake of 30 students in UG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### COURSE OBJECTIVES

The course is designed to provide Basic knowledge of SOLAR & SMART ENERGY SYSTEMS. The objective is to prepare the students for NQTs organized by various MNCs.

### ABOUT THE WORKSHOP

A Smart Energy System is defined by the following key principals:

- It is a **100% renewable** energy system
- It consumes a **sustainable level of bioenergy**
- It utilises the **synergies** in the energy system to maximise efficiency and reduce costs
- It is **affordable**. In other words, it does not significantly increase the cost of energy compared to a fossil fuel based energy system (sometimes it can reduce the cost and maximum increases of up to 10-15% are expected)

To  
The Principal/HOD,

Dear Sir/Madam

Sub: A One week National level Work Shop on **SOLAR & SMART ENERGY SYSTEMS** announcement- Requested

We are pleased to inform you that the Electrical & Electronics Engineering department of **KRISHNACHAITANYA INSTITUTE OF TECHNOLOGY & SCIENCES** is organizing a One week Certificate program on "**SOLAR & SMART ENERGY SYSTEMS**" during 12-12-2022 to 17-12-2022. The details are furnished in the enclosed brochure.

We earnestly request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this work shop.

Thanking you for your kind co-operation and looking forward to participate more from your college.

Yours truly,

### ABOUT THE COLLEGE

Krishna Chaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, Ex-M.L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishna Chaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (CE, ECE, AI&ML, and AI) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V.Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

### ABOUT THE DEPARTMENT

The department of Mechanical Engineering was established right from the inception of the college with an annual intake of 60 students in UG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### COURSE OBJECTIVES

This tutorial demonstrates a typical workflow for creating a schematic diagram with Solid Edge. You will learn how to work with blocks and connectors and use other tools available in Solid Edge that make the creation and modification of schematic diagrams simple. This tutorial is for beginners, so you do not need prior experience with Solid Edge Layout or any other computer-aided drafting or engineering modeling system to use it. Estimated time to complete: 20 minutes.

### ABOUT THE WORKSHOP

Used to create 2D production drawings. Drawings show two dimensional views with dimensions and notes. Java script is used by Programmers across the world to create dynamic and interactive web content like applications and browsers. Java script is so popular that it is the most used programming language in the world.

Architectural drawings require units in feet inches and fractions. Real World sizes are large and often must display many feet at times. 2D Model space must be set to a size that will accommodate the objects being drawn. Plots must be scaled to the title block drawing sheets using standard architectural scales. Final plots should print at accurate scale sizes. Layers are used extensively to separate and manage drawing information. Layer standards set by the American Institute of Architects (AIA) may need to be followed. Bill of material and finish schedules require tables with precise information

### CERTIFICATE PROGRAM ON SOLID EDGE REPORT

**Title:** "One Week Certificate Program on SOLID EDGE"

**Resource Person:**

Mr.N.Mahesh Babu

APSSDC,

Andhra Pradesh.

Department of mechanical engineering, KITS Engineering College has conducted a one week certificate program on "SOLID EDGE", on 22-08-2022 to 27-08-2022. The resource person for this workshop Mr.N.Mahesh Babu APSSDC. The certificate program is scheduled on 22-08-2022 to 27-08-2022. The session started in codetantra as scheduled by the HOD of Department of mechanical engineering explaining about the outlines of the session and about the college.

Finally the resource person has taken the mike and explained the concepts viz, importance, focused and explained about the solid edge of Industrial Environments. Nearly 22 participants actively participated and enjoyed the session. And, the certificate program came to a conclusion after clearing the doubts of participants by the resource person in question and answers session. Later Convener of certificate program proposed vote of thanks by expressing his gratitude individually to Resource Person, KITS Management, Principal, Advisory committee, HOD, and all the participants.

### ABOUT THE COLLEGE

Krishna Chaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, Ex-M. L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishna Chaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (CE, ECE, AI&ML, and AI) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V. Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

### ABOUT THE DEPARTMENT

The department of Mechanical Engineering was established right from the inception of the college with an annual intake of 60 students in UG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

#### COURSE OBJECTIVES

Know the various industrial applications of robots. Various advantages and disadvantages of using robots under a given condition, decide whether a particular job is suitable for robots or against it, and what are the economical considerations of using robot, and relevant safety issues.

#### ABOUT THE WORKSHOP

As studied in the previous units, a robot is a reprogrammable, multifunctional machine designed to manipulate materials, parts, tools, or specialized devices, through variable programmed motions for the performance of a variety of task. It can conveniently be used for variety of industrial tasks. Today 90% of all robots used are found in factories and they are referred to as industrial robots. Robots are slowly finding their way into warehouses, laboratories, research and exploration sites, power plants, hospitals, undersea, and even outer space

During the sixties and the seventies automation has primarily affected the manufacturing process and too control but not the auxiliary functions such as handling, setup, loading, and unloading. The time spent to transfer a work piece from one station to the next is still high. Up to 95 percent of the time involved in manufacturing a part is composed of transfer and waiting time, and only about 5 percent of the total time is the part in the actual processing time. Whereas the processing time has been reduced considerably by automation, much less progress has been made in handling and loading. The fully automatic systems that were developed for mass production (e.g., transfer lines in the automobile industry) are rigid (hard automation) and not suitable for batch production (in the order of 50 to 100,000 parts annually). A more flexible automation technology which takes into account frequent changes in production is needed for this category of industrial production, which accounts for about 75 percent of the manufactured parts.

Department of mechanical engineering, KITS Engineering College has conducted a One Week Certificate Program on **Application of Robotics** ", on 6<sup>th</sup> Feb, 2023 to 11<sup>th</sup> Feb 2023. The resource person for this workshop is Dr. B.B.V.L. Deepak, Dept. of Mechanical Engineering, NIT- Rourkela. The workshop is scheduled on 6<sup>th</sup> Feb, 2023 to 11<sup>th</sup> Feb 2023. The session started in codetantra as scheduled by the HOD of Department of mechanical engineering explaining about the outlines of the session and about the college.

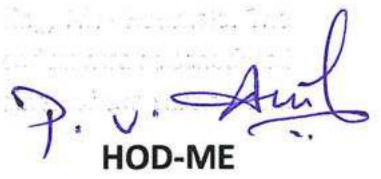

Finally the resource person has taken the mike and explained the concepts viz, importance, focused on applications of robotics and explained about the artificial intelligence techniques Various Systems of Industrial Environments. Nearly 22 participants actively participated and enjoyed the session. And, the workshop came to a conclusion after clearing the doubts of participants by the resource person in question and answers session. Later Convener of workshop proposed vote of thanks by expressing his gratitude individually to Resource Person, KITS Management, Principal, Advisory committee, HOD, and all the participants.

### ABOUT THE COLLEGE

Krishna Chaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, M.L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishna Chaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (CE, ECE, AI&ML, and AI) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V.Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

### ABOUT THE DEPARTMENT

The department of Electronics and Communications Engineering was established right from the inception of the college with an current intake of 90 students in UG and 18 students in PG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### COURSE OBJECTIVES

The course is designed to provide Basic knowledge of Applications Of An Embedded Systems. The objective is to prepare the students for NQTs organized by various MNCs.

### ABOUT THE PROGRAM

Embedded System Is A Computer That Has Been Built To Solve Only A Few Very Specific Problems And Is Not Easily Changed.<sup>[1]</sup> The Word *Embedded* Means It Is Built Into The System. It Is A Permanent Part In A Bigger System. It Usually Does Not Look Like A Computer, Often No Keyboard Or Monitor Or Mouse. But Like Any Computer It Has A Processor, Software, Input And Output. For Example, The Controller Embedded In An Elevator Tells The Motor To Move The Elevator To Different Floors, Based On Buttons That Are Pushed. A Decoder Is Embedded In A Satellite Television Set-Top Box (Called Stb) To Read A Signal From The Dish And Send Something That A Tv Understands. Often This Type Of System Must Do Its Work In A Specific Amount Of Time This Is Called Real-Time.

### ABOUT THE COLLEGE

Krishna Chaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, M.L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishna Chaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (CE, ECE, AI&ML, and AI) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V.Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

### ABOUT THE DEPARTMENT

The department of Electronics and Communications Engineering was established right from the inception of the college with an current intake of 90 students in UG and 18 students in PG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### COURSE OBJECTIVES

Many directions which involve in using RTOS with IoT systems are presented. From studying and analysis of these topics, It can be divided these trends of IoT based RTOS into five directions. The directions divided are; Using RTOS in the implementation of IoT, Using RTOS to propose an IoT framework, Using RTOS to propose performance evaluation of IoT protocols, Picking the right RTOS for your next-gen embedded IoT design and Adapting RTOS to work with IoT.

### ABOUT THE PROGRAM

Internet of Things (IoT) is an environment in which everywhere and every device became smart in a smart world. Internet of Things is growing vastly, it is implemented using smart devices which involve with Embedded Systems (ESs). Real Time Operating Systems (RTOS) are used in ESs development due to RTOS added important features as RTOS simplifies development and makes systems more reliable. Many researches directed to the Internet of Things, RTOS became a part of IoT

A generic vision and architecture of RTOS for IoT and the way it could be implemented into different applications are presented. Implementation and testing methods of the RTOS for IoT are discussed. Finally, Research directions in using RTOS for IoT are discussed.

To  
The Principal/HOD,

Dear Sir/Madam

Sub: A One week National level Work Shop on **INTERNET OF THINGS** - announcement- Requested

We are pleased to inform you that the Electronics & Communication Engineering department of **KRISHNA CHAITANYA INSTITUTE OF TECHNOLOGY & SCIENCES** is organizing A One week National level Work Shop on "INTERNET OF THINGS" during 22-08-22 TO 27-08-22. The details are furnished in the enclosed brochure.

We earnestly request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this work shop.

Thanking you for your kind co-operation and looking forward to participate more from your college.

This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V.Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

### ABOUT THE DEPARTMENT

The department of Electronics and Communications Engineering was established right from the inception of the college with an current intake of 90 students in UG and 18 students in PG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### COURSE OBJECTIVES

The course is designed to provide Basic knowledge of C, Core Java, ORACLE and Python programming. The objective is to prepare the students for NQTs organized by various MNCs.

### ABOUT THE WORKSHOP

The Basic knowledge of C-programming, JAVA, ORACLE and Python is very essential to enter into corporate sector. As a part of it the Training & Placement Cell in collaboration with IT Curve Technologies organized this event to prepare the students in view of placements. continues to be the base program for most websites in operation on the internet today.

Javascript is used by Programmers across the world to create dynamic and interactive web content like applications and browsers. Javascript is so popular that it is the most used programming language in the world.

A servlet is a Java programming language class that is used to extend the capabilities of servers that host applications accessed by means of a request - response programming model.

The HTML <script> is used to define a client side script (Javascript). The <script> element contains script statements or it points to an external script. ORACLE Database is the first database designed for enterprise grid computing, the most flexible and cost effective way to manage information and applications.

Python is commonly used for developing websites and software, task automation, data analysis and data visualization.

The basic idea of this workshop is to give awareness on above languages and tools and prepare them for industry, corporate needs.

Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishna Chaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (CE, ECE, AI&ML, and AI) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V.Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

### ABOUT THE DEPARTMENT

The department of Electronics and Communications Engineering was established right from the inception of the college with an current intake of 90 students in UG and 18 students in PG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### COURSE OBJECTIVES

The course is designed to provide Basic knowledge of ARDUINO. The objective is to prepare the students for NQTs organized by various MNCs.

### ABOUT THE PROGRAM

Arduino is a tool for the design and development of embedded computer systems, consisting of a simple open hardware design for a single-board microcontroller, with embedded I/O support and a standard programming language. Arduino hardware is programmed using a Wiring-based language (syntax + libraries), similar to C++ with some simplifications and modifications, and a Processing-based on IDE. The workshop will consist of Fundamentals of Programming Interactivity, Creative Coding and hardware interfacing using the kit. Hands on session will provide students to have the practical experience of Arduino kit with some projects to give the students better idea of using Arduino.

### ABOUT THE COLLEGE

Krishna Chaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, M.L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishna Chaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (CE, ECE, AI&ML, and AI) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V.Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

### ABOUT THE DEPARTMENT

The department of Electronics and Communications Engineering was established right from the inception of the college with an current intake of 90 students in UG and 18 students in PG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### COURSE OBJECTIVES

The course is designed to provide Basic knowledge of CLOUD COMPUTING. The objective is to prepare the students for NQTs organized by various MNCs.

### ABOUT THE PROGRAM

Cloud computing is the on-demand availability of computer system resources, especially data storage (cloud storage) and computing power, without direct active management by the user. Large clouds often have functions distributed over multiple locations, each of which is a data center. Cloud computing relies on sharing of resources to achieve coherence and typically uses a pay-as-you-go model, which can help in reducing capital expenses but may also lead to unexpected operating expenses for users.

### ABOUT THE COLLEGE

Krishna Chaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, M.L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishna Chaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (CE, ECE, AI&ML, and AI) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V.Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

### ABOUT THE DEPARTMENT

The department of Electronics and Communications Engineering was established right from the inception of the college with an current intake of 90 students in UG and 18 students in PG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### COURSE OBJECTIVES

The course is designed to provide Basic knowledge of FPGA programming. The objective is to prepare the students for NQTs organized by various MNCs.

### ABOUT THE PROGRAM

A **field-programmable gate array (FPGA)** is an integrated circuit designed to be configured by a customer or a designer after manufacturing – hence the term field-programmable. The FPGA configuration is generally specified using a hardware description language (HDL), similar to that used for an application-specific integrated circuit (ASIC). Circuit diagrams were previously used to specify the configuration, but this is increasingly rare due to the advent of electronic design automation tools.

This is a practical tool for advanced undergraduate and graduate electronic engineering students, a resource for their tutors and a guide for the practising electronic engineer.

The Principal/HOD,

Dear Sir/Madam

Sub: A One week National level Work Shop on **FPGA PROGRAMMING** - announcement- Requested

We are pleased to inform you that the Electronics & Communication Engineering department of **KRISHNACHAITANYA INSTITUTE OF TECHNOLOGY & SCIENCES** is organizing a A One week National level Work Shop on "**FPGA PROGRAMMING**" during 26-12-22 To 31-12-22. The details are furnished in the enclosed brochure.

We earnestly request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this work shop.

Thanking you for your kind co-operation and looking forward to participate more from your college.

### WORKSOP NAME : FPGA PROGRAMMING

- Understand the concepts of FPGA Programming and Architecture of FPGA
- Identify the Application and Purpose of FPGA Programming UART programming & Design

#### Processes Requirements

- Writing of Commands used in Programming by using XLINIX ISE IDE tool
- Hands on training of different modules by VHDL programming on tool of XLINIX ISE IDE

### ABOUT THE COLLEGE

Krishna Chaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, M.L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishna Chaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (CE, ECE, AI&ML, and AI) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V.Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

### ABOUT THE DEPARTMENT

The department of Electronics and Communications Engineering was established right from the inception of the college with an current intake of 90 students in UG and 18 students in PG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### COURSE OBJECTIVES

Verilog is a Hardware Description Language used to model and synthesize digital systems. Applied to electronic design, Verilog is used for verification via simulation, for timing analysis, logic synthesis and test analysis.

### ABOUT THE PROGRAM

The training program started with an inaugural function welcoming chief guests.

After addressing the gathering by eminent persons, the session started with Introduction to System verilog. Training program includes basic introduction to Verilog, syntaxes and architecture of systems bench. It trained faculties on different data types, verification flow and simulation process.

The training was given to faculties on how to write test bench program, different

Types of test benches used. Functional coverage and DPI, motors, interfacing were some other topics covered in this training program. Hands on sessions were Conducted after each topics theoretical explanation. Valedictory session was Held after successful completion of the training. Feedback was taken from students In both oral and written form..

### ABOUT THE DEPARTMENT

The department of Electronics and Communications Engineering was established right from the inception of the college with an current intake of 90 students in UG and 18 students in PG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### COURSE OBJECTIVES

The course is designed to provide Basic knowledge of CYBER SECURITY & CYBER WAR. The objective is to prepare the students for NQTs organized by various MNCs.

### ABOUT THE PROGRAM

**Cyberwarfare** is the use of cyber attacks against an enemy state, causing comparable harm to actual warfare and/or disrupting vital computer systems. Some intended outcomes could be espionage, sabotage, propaganda, manipulation or economic warfare.

There is significant debate among experts regarding the definition of cyberwarfare, and even if such a thing exists. One view is that the term is a misnomer, since no cyber attacks to date could be described as war. An alternative view is that it is a suitable label for cyber attacks which cause physical damage to people and objects in the real world.

### ABOUT THE DEPARTMENT

The department of COMPUTER and SCIENCE ENGINEERING was established right from the inception of the college with an current intake of 180 students in UG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### COURSE OBJECTIVES

The course is designed to provide Basic knowledge of an applications of an BLOCK CHAIN TECHNOLOGY. The objective is to prepare the students for NQTs organized by various MNCs.

### ABOUT THE PROGRAM

Blockchain technology is an advanced database mechanism that allows transparent information sharing within a business network. A blockchain database stores data in blocks that are linked together in a chain. The data is chronologically consistent because you cannot delete or modify the chain without consensus from the network. As a result, you can use blockchain technology to create an unalterable or immutable ledger for tracking orders, payments, accounts, and other transactions. The system has built-in mechanisms that prevent unauthorized transaction entries and create consistency in the shared view of these transactions.

### ABOUT THE DEPARTMENT

The department of COMPUTER and SCIENCE ENGINEERING was established right from the inception of the college with an current intake of 180 students in UG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### COURSE OBJECTIVES

The course is designed to provide Basic knowledge of an applications of an AI. The objective is to prepare the students for NQTs organized by various MNCs.

### ABOUT THE PROGRAM

Artificial Intelligence (AI) is a method of programming a computer, robot, or other object to think like a smart human. AI is the study of how the human brain thinks, learns, makes decisions, and works to solve problems. Finally, this research generates intelligent software systems.

The goal of artificial intelligence is to improve computer functions that are linked to human understanding, such as reasoning, learning, and problem-solving.

In simple words Artificial Intelligence is made up of the phrases Artificial and Intelligence, with Artificial referring to "man-made" and Intelligence referring to "thinking power," so AI refers to "a man-made thinking power."

(JULY-23 to 28,2022)

Date: 11-07-22

To

The Principal/HOD,

Dear Sir/Madam

Sub: A One week National level Work Shop on **APPLICATIONS ON AI** - announcement- Requested

We are pleased to inform you that the Computer Science Engineering department of **KRISHNA CHAITANYA INSTITUTE OF TECHNOLOGY & SCIENCES** is organizing A One week National level Work Shop on "**APPLICATIONS ON AI**" during 23-07-22 TO 28-07-22. The details are furnished in the enclosed brochure.

We earnestly request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this work shop.

Thanking you for your kind co-operation and looking forward to participate more from your college.

Yours truly,

## REPORT OF THE PROGRAM

**WORKSOP NAME : Applications of ARTIFICIAL INTELLIGENCE**

**RESOURCE PERSON(S):** Dr. P Neelakanteswara ,  
K L University,  
VIJAYAWADA.

This program is conducted for IV B.Tech., I sem in order to train them for software job purpose. The resource person covered following topics:

| Day | Topic   | Duration |
|-----|---|----------|
| 1   | Introduction about the artificial intelligence                  | 4hrs     |
| 2   | Problem solving and planning in AI                              | 4 hrs    |
| 3   | Understanding the NLP with examples                             | 6hrs     |
| 4   | Automatic programming, deep learning and machine learning in AI | 6 hrs    |
| 5   | Real time examples on AI  | 4 hrs    |
| 6   | AI Applications and AI examples                                 | 6 hrs    |

### ABOUT THE COLLEGE

Krishna Chaitanya Institute of Technology & Sciences, Markapur, founded by Sri Anna Venkata Rambabu, Ex-M L.A. of Giddalur Constituency under the name and style of Anna Educational Society. Sri Rambabu is a social worker and devoted his life for serving the public. He, who got a title "JALADATA" for his renowned service and he was given an award "PRATIBHA PURASKAR" and won the Lawrence of the people. Sri Anna Krishna Chaitanya, Secretary & Correspondent is an Ideological, young and dynamic personality with updated administrative and technological views.

Krishna Chaitanya Institute of Technology & Sciences, Markapur, is established in 2008 in pollution free, hygienic, serene, lush green environment and meadows in an area of 36 Acres of land just 6 km from Markapur. This Institute is offering five B.Tech courses (CE, ECE, AI&ML, and AI) with a total intake of 420. The Institute as such is a monumental infrastructure which is architecturally designed and framed with updated facilities for the students. This Institute has got the appreciation from the Hon'ble former Chief Minister Sri K. Rosaiah garu for the infrastructure, equipment, results and discipline.

Dr. V.Krishna Reddy, Principal of this Institute is a person of academic excellence with vast experience in Technical Education and administration. He has published several Technical papers in National & International Journals and won academic awards.

### ABOUT THE DEPARTMENT

The department of Electronics and Communications Engineering was established right from the inception of the college with an current intake of 90 students in UG and 18 students in PG. The department has well qualified, committed and dedicated faculty members and has well equipped, sophisticated, precise and state of art laboratories are centre of attraction.

### COURSE OBJECTIVES

The course is designed to provide Basic knowledge of AWS CLOUD COMPUTING. The objective is to prepare the students for NQTs organized by various MNCs.

### ABOUT THE WORKSHOP

**Amazon Web Services**(abbreviated **AWS**) is a collection of remote computing services (also called web services) that together make up a cloud computing platform, offered over the Internet by Amazon.com. The most central and well-known of these services are Amazon EC2 and AmazonS3. The service is advertised as providing a large computing capacity (potentially many servers) much faster and cheaper than building a physical server farm.

The course is designed to provide Basic knowledge of an applications of an DATA SCIENCE. The objective is toprepare the students for NQTs organized by various MNCs.

### ABOUT THE PROGRAM

Data science is the study of data to extract meaningful insights for business. It is a multidisciplinary approach that combines principles and practices from the fields of mathematics, statistics, artificial intelligence, and computer engineering to analyze large amounts of data. This analysis helps data scientists to ask and answer questions like what happened, why it happened, what will happen, and what can be done with the results.

**(DEC-26 TO 31, 2022)**

Date: 19-12-22

To  
The Principal/HOD,

Dear Sir/Madam

Sub: A One week National level Work Shop on **SOFT COMPUTING** - announcement- Requested

We are pleased to inform you that the Computer Science Engineering department of **KRISHNA CHAITANYA INSTITUTE OF TECHNOLOGY & SCIENCES** is organizing A One week National level Work Shop on "**SOFT COMPUTING**" during 26-12-22 TO 31-12-22. The details are furnished in the enclosed brochure.

We earnestly request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this work shop.

Thanking you for your kind co-operation and looking forward to participate more from your college.

Yours truly,

**(Dr. J.V.Anil Kumar)**

## REPORT OF THE PROGRAM

**WORKSOP NAME : SOFT COMPUTING**

**RESOURCE PERSON(S) : Mr.K Manjunath, Asst., Prof**  
Dept., of CSE,  
Christy Univiversity,  
Bengaluru.

This program is conducted for II B.Tech., I sem in order to train them for software job purpose. The resource person covered following topics:

| Day | Topic   | Duration |
|-----|---|----------|
| 1   | <ul style="list-style-type: none"><li>• Introduction to Soft Computing: Understanding the Basics</li></ul>                                      | 4hrs     |
| 2   | <ul style="list-style-type: none"><li>• Fuzzy Logic:</li><li>• An Overview and Applications in Soft Computing</li></ul>                         | 4 hrs    |
| 3   | <ul style="list-style-type: none"><li>• Artificial Neural Networks</li><li>• Building and Training Neural Networks for Soft Computing</li></ul> | 6hrs     |
| 4   | <ul style="list-style-type: none"><li>• Genetic Algorithms</li><li>• Optimization and Search Techniques for Soft Computing</li></ul>            | 6 hrs    |
| 5   | <ul style="list-style-type: none"><li>• Swarm Intelligence</li><li>• Collective Intelligence and Optimization in Soft Computing</li></ul>       | 4 hrs    |
