

6.3.3. Percentage of teaching and non-teaching staff participating in Faculty development Programmes (FDP), Management Development Programmes (MDPs) professional development /administrative training programs during the last five years

6). Annual reports highlighting the programmes conducted by the university are also required.

Annual Report for the Academic Year 2022-23

15th Annual Report of KITS

Principal's Annual Report for the academic year 2022-23 27-04-2023.

1. Introduction:

Honorable Chairman of the Institute, **Sri Anna Venkata Rambabu**, Garu Respected Secretary & Correspondent, **Dr. Krishna Chaitanya garu**, Other distinguished guests, Parents, staff, Media and my dear students good evening to you all.

I am very happy to present the 15th Annual Report of Krishna Chaitanya Institute of Technology and Sciences for the year 2022-23 before the august audience present here. This can be attributed to the dedication and team spirit of the staff members, students and members of the management.

KITS promoted by Anna Educational Trust, was established in the year 2008 by Sri Anna Venkata Rambabu, Garu, Chairman of the trust. Sri Anna Rambabu garu is well known for his charity works, love for poor & needy people and motherland.

The institute is spread over 40 acres of beautiful, lush green and serene land, very close to Markapur town. Our chairman has not compromised in bringing out such a monumental infrastructure in this remote area. I feel proud to say that the students, teaching and non-teaching staff of KITS are fortunate to have such a great man as Chairman.

Sri A. Krishna Chaitanya, Garu **Hon'ble** Secretary & Correspondent, KITS, young, energetic and dynamic and personality who has shaped the institution to achieve academic excellence. He has great vision on value based quality education.

We are happy that seven batches of students completed the B.Tech Degree Course from KITS and came out successfully. Ten years for an institution is a worthy stage where one can start matching expectations with results, objectives with achievements. It's a day of retrospection. KITS has emerged as an engineering institution with difference, a promising institution of the region providing value added, quality education in engineering, an institution striding towards excellence!

2. About college:

KITS is growing at an incredible pace, marching ahead with all its might, definitely with the right spirit and in the right direction. This is possible because KITS family believes and follows the institutional Core Values namely Discipline, Determination, Dedication. Students are oriented here towards eye-catching value additions, namely, the quest for knowledge, the desire for innovation, the approach for total personality development. The institute has rightly envisioned becoming a role model in technical education and the most preferred choice of

students, parents, faculty and industry! Let me take this opportunity to acknowledge gratefully, the support extended by Chairman sir, Secretary sir, all the HODs, A.O, faculty and staff members of KITS, all the parents, well wishers and resource persons from industries, as well as Print & Electronic Media representatives; in realizing our objectives.

Vision:

To emerge as a premier institution for engineering education and research, and serve as resource center for the industry and society.

Mission:

Imparting technical education to students in a caring and learning environment so that they blossom as globally competent technocrats who respect and value their culture and contribute to national development.

Providing cutting edge academic and research facilities so as to chisel the students to fit them into a technically challenging future, instilling positive, productive thoughts that will enable them to walk in the road of success.

Facilitate the use modern pedagogy and ICT for improving the teaching-learning process and to involve students and faculty in innovative research projects linked with industry, academic and research institutions in India and abroad.

College Strength:

We have 1402 students on roll now, of which 287 are in final year, 323 are in the third year, 410 are in the second year and 382 are in the first year of five B.Tech courses, namely Civil Engg., Electronics & Communication Engg. and Computer Science & Engg., Artificial Intelligence and Machine Learning, and Computer Science & Engg(AI). We have 111, well qualified faculty members and 27 non-teaching staff members on roll.

The annual report here bears testimony to the remarkable achievement of our faculty and students in this academic year 2022-23. Our students have left no stone unturned with regard to their performance in different aspects. Congratulations and sincere appreciation to the class toppers. Skill development program facility is available in the institution. Many students have been trained under the skill development program and employed in different companies. KITS signed an MOU with a German University.

In this academic year, we offered the courses Civil Engineering, Electrical & Electronics Engineering, Mechanical Engineering, Electronics & Communication Engineering, Computer Science & Engineering, and Artificial Intelligence and Machine Learning. This year we started a course in CSE(AI) with an intake of 60.

Achievements:

This year our college conducted 23 national level workshops to enrich the students knowledge.

The department of Civil Engineering has been involved in consultancy work for reputed companies for the last seven years, with contracts worth up to 20 lakhs.

Students Achievement:

Our students received 47 prizes for their performance in different technical events conducted at various colleges in Andhra Pradesh. Our students participated in events such as PPT, Poster presentations & quiz conducted across the state of Andhra Pradesh and won prizes in many cases. Every year, students visit construction industries to gain practical knowledge. This year, the students visited the Srisailem Power Project and the Medical College Construction Site. The department conducted Seminars, Technical Quizzes, and department Association activities to enhance students' knowledge. For the benefit of the students, we conducted personality development programs and CRT Classes.

STAFF DEVELOPMENT PROGRAMES

We organized **07 faculty development and professional development programs**, **04 short term professional development programs** in this academic year. **89 of our faculty members have attended Faculty development & Professional development programs** and many other short-term development programs conducted at various outside colleges. **10 number of administrative staff** members are attended for training programs conducted at various institutions. **09** of our faculty members obtained **patents** in this academic year. Our faculty members published **12** papers in reputed **UGC listed journals**. Many of our senior faculty members have given guest lectures in nearby engineering colleges. **53 faculty members** are provided **financial support** to attend conferences/workshops.

Student achievements:

- IETE student forum and NPTEL student chapter were opened in this academic year for all departments.

- Fourteen students obtained NPTEL certificates.
- All second and third-year students participated in a community service project to raise awareness in the society and educate people in various fields.
- All fourth-year students published papers in ugc core-listed journals.
- 550 of our students completed internships and obtained certificates.
- Around forty students from our college presented papers and participated in various events and won prizes at different colleges.
- Four articles written by a. Rani, Sai harshitha, Nandhini, and Neelima were published in the INTUK newsletter.
- Six students have completed a project on cast discrimination.
- Some of our students have launched a service-oriented organization called helping hands to assist the poor and downtrodden people.

Placement & Training:

The Placement & Training Cell serves as an interface between the students and the Corporate. This cell is headed by Dr. P. Prasanna Murali Krishna. The placement cell started its activities in the month of August by organizing various workshops and seminars on resume writing, facing interviews, group discussions, and written tests. Efforts have been made to invite companies with varied profiles to suit the requirements of our students looking for jobs in finance, accounting, marketing, sales, computers, audit, and research backgrounds.

The following activities have been taken by the TPO during this academic year;

- One day awareness program on Abroad Studies by Xpress overseas Consultancy, Hyderabad.
- Thirteen day training program on CRT-Training-Phase-I by IT Curve Technologies, Hyderabad.
- Five day training program on CRT-Training-Phase-II by IT Curve Technologies, Hyderabad.
- An awareness program on Study at Abroad was conducted by GOWAY overseas, Ongole

- An awareness program on Job opportunities and hiring process in MNC's by Talent Shine India Pvt. Ltd, Vizag.

This year 182 our students got placed in different companies like TCS, Tech Mahindra, Maintec Technologies, HYUNDAI Mobis etc.

LIBRARY

Our library is the centre of attraction to our college with Spacious reading rooms and enriched with 16,815 volumes, 2553 titles, 26 national and 13 international journals and 1234 CD Rams. Also we have SC & ST book bank facility in our college library. This library has also subscribed for 740 national and international **e-journals** which can be accessed by the students. Our treasure bank has also introduced digital library with NPTEL software in which students can access and download the materials of all IIT's. There is an availability of ECAP (Engineering College Automation Package), which is very useful to our students to Issues and Returns of the books of our library.

EXTRA-CURRICULAR ACTIVITIES

Sports as extra-curricular activity are well played by our students and got 47 prizes in different events by our students in this year. This year sports day was conducted on 29.08.2022. Various students' games and athletic activities were carried out and staff also participated in games and won prizes. The students were indeed confined to participate in the sports activities in the campus and within their locale.

EXTENSION ACTIVITIES

"Serving Humanity" never takes the backseat in our scheme of activities. There were 660 students of I, II, III and IV year from various departments who actively participated in various social activities to serve the nation. Their role in Blood donation camp, planting the saplings, vaccination camp, mobile corona awareness program were appreciated after this lockdown period. It's our privilege to appreciate those young buds who enthusiastically gave their hands to support the people.

FINANCIAL CONTRIBUTION

The Alumni association and the philanthropists render financial support which is extended to deserving students whose parents do not have fixed source of income. An amount of

Rs.69,000/- was contributed from the Alumni fund. We appreciate and acknowledge the generous contributions made by some of the alumni members.

MEMORANDUM OF UNDERSTANDING

To enhance the career opportunity and promote the competitive spirit in students the college has taken initiatives to have tie ups with

- 1) Rubicon Skill development Pvt.ltd, Mou
- 2) RWTH International Academy, Mou
- 3) Germany varsity for advanced studies, Germany. Mou
- 4) Naresh Technologies &Consultancy services. Mou
- 5) Elite Technologies, Mou

CONCLUSION

The year ahead is expected to show the better progress with the collective efforts of the Principal, dedicated faculty, technicians, administrative staff and supportive management.

**Annual Report for the Academic Year
2019-20**

12th Annual Report of KITS

Principal's Annual Report for the academic year 2019-20 27-03-2020.

1. Introduction:

Honorable Chairman of the Institute, **Sri Anna Venkata Rambabu**, Garu Respected Secretary & Correspondent, **Dr. Krishna Chaitanya garu**, Other distinguished guests, Parents, staff, Media and my dear students good evening to you all.

I am very happy to present the 12th Annual Report of Krishna Chaitanya Institute of Technology and Sciences for the year 2019-20 before the august audience present here. This can be attributed to the dedication and team spirit of the staff members, students and members of the management.

KITS promoted by Anna Educational Trust, was established in the year 2008 by Sri Anna Venkata Rambabu, Garu, Chairman of the trust. Sri Anna Rambabu garu is well known for his charity works, love for poor & needy people and motherland.

The institute is spread over 40 acres of beautiful, lush green and serene land, very close to Markapur town. Our chairman has not compromised in bringing out such a monumental infrastructure in this remote area. I feel proud to say that the students, teaching and non-teaching staff of KITS are fortunate to have such a great man as Chairman.

Sri A. Krishna Chaitanya, Garu **Hon'ble** Secretary & Correspondent, KITS, young, energetic and dynamic and personality who has shaped the institution to achieve academic excellence. He has great vision on value based quality education.

We are happy that seven batches of students completed the B.Tech Degree Course from KITS and came out successfully. Ten years for an institution is a worthy stage where one can start matching expectations with results, objectives with achievements. It's a day of retrospection. KITS has emerged as an engineering institution with difference, a promising institution of the region providing value added, quality education in engineering, an institution striding towards excellence!

2. About college:

KITS is growing at an incredible pace, marching ahead with all its might, definitely with the right spirit and in the right direction. This is possible because KITS family believes and follows the institutional Core Values namely Discipline, Determination, Dedication. Students are oriented here towards eye-catching value additions, namely, the quest for knowledge, the desire for innovation, the approach for total personality development. The institute has rightly envisioned becoming a role model in technical education and the most preferred choice of students, parents, faculty and industry! Let me take this opportunity to acknowledge gratefully,

the support extended by Chairman sir, Secretary sir, all the HODs, A.O, faculty and staff members of KITS, all the parents, well wishers and resource persons from industries, as well as Print & Electronic Media representatives; in realizing our objectives.

Vision:

To emerge as a premier institution for engineering education and research, and serve as resource center for the industry and society.

Mission:

Imparting technical education to students in a caring and learning environment so that they blossom as globally competent technocrats who respect and value their culture and contribute to national development.

Providing cutting edge academic and research facilities so as to chisel the students to fit them into a technically challenging future, instilling positive, productive thoughts that will enable them to walk in the road of success.

Facilitate the use modern pedagogy and ICT for improving the teaching-learning process and to involve students and faculty in innovative research projects linked with industry, academic and research institutions in India and abroad.

College Strength

We have 1319 students on roll now, of which 350 are in final year, 328 are in the third year, 344 are in the second year and 297 are in the first year of five B.Tech courses, namely Civil Engg., Electrical & Electronics Engg., Mechanical Engineering, Electronics & Communication Engg. and Computer Science & Engg.,. We have 87, well qualified faculty members and 45 non-teaching staff members on roll.

The annual report here bears testimony to the remarkable achievement of our faculty and students in this academic year 2019-20. Our students have left no stone unturned with regard to their performance in different aspects. Congratulations and sincere appreciation to the class toppers. Skill development program facility is available in the institution. Many students have been trained under the skill development program and employed in different companies.

In this academic year, we offered the courses Civil Engineering, Electrical & Electronics Engineering, Mechanical Engineering, Electronics & Communication Engineering, Computer Science & Engineering, and Artificial Intelligence and Machine Learning.

Achievements:

This year our college conducted 10 national level workshops to enrich the students knowledge.

The department of Civil Engineering has been involved in consultancy work for reputed companies for the last seven years, with contracts worth up to 17 lakhs.

Students Achievement:

Our students received 47 prizes for their performance in different technical events conducted at various colleges in Andhra Pradesh. Our students participated in events such as PPT, Poster presentations & quiz conducted across the state of Andhra Pradesh and won prizes in many cases. Every year, students visit construction industries to gain practical knowledge. This year, the students visited the Srisailem Power Project and the Medical College Construction Site. The department conducted Seminars, Technical Quizzes, and department Association activities to enhance students' knowledge. For the benefit of the students, we conducted personality development programs and CRT Classes.

STAFF DEVELOPMENT PROGRAMES

We organized 02 faculty development and professional development programs, 06 short term professional development programs in this academic year. 55 of our faculty members have attended Faculty development & Professional development programs and many other short-term development programs conducted at various outside colleges. 06 number of administrative staff members are attended for training programs conducted at various institutions. Our faculty members published 25 papers in reputed UGC listed journals. Many of our senior faculty members have given guest lectures in nearby engineering colleges. 05 faculty members are provided financial support to attend conferences/workshops.

Student achievements:

- IETE student forum and NPTEL student chapter were opened in this academic year for all departments.
- fourteen students obtained NPTEL certificates.
- all second and third-year students participated in a community service project to raise awareness in the society and educate people in various fields.
- all fourth-year students published papers in ugc core-listed journals.

- 550 of our students completed internships and obtained certificates.
- around forty students from our college presented papers and participated in various events and won prizes at different colleges.
- Four articles written by a. Rani, Sai harshitha, Nandhini, and Neelima were published in the INTUK newsletter.
- Six students have completed a project on cast discrimination.
- Some of our students have launched a service-oriented organization called helping hands to assist the poor and downtrodden people.

Placement & Training:

The Placement & Training Cell serves as an interface between the students and the Corporate. This cell is headed by Dr. P. Prasanna Murali Krishna. The placement cell started its activities in the month of August by organizing various workshops and seminars on resume writing, facing interviews, group discussions, and written tests. Efforts have been made to invite companies with varied profiles to suit the requirements of our students looking for jobs in finance, accounting, marketing, sales, computers, audit, and research backgrounds.

The following activities have been taken by the TPO during this academic year;

- Fourteen days training was given to final B.Tech students on Core-Java &Python Programing by IT Curve Technologies PVT LTD.
- One day awareness program on Job Opportunities in VLSI domain
- Ten days Training was provided to all the Fourth B.Tech students on Soft Skills by RUBICON ,Pune in two phases
- An awareness program on Study at Abroad was conducted by xpress overseas visa consulting pvt,LTD ,Hyderabad .

This year 176 our students got placed in different companies like TCS, Tech Mahindra, Maintec Technologies, HYUNDAI Mobis, Mindtree, Deloitte etc.

LIBRARY

Our library is the centre of attraction to our college with Spacious reading rooms and enriched with 16,328 volumes, 2536 titles, 22 national and 10 international journals and 1243 CD Rams. Also we have SC & ST book bank facility in our college library. This library has also

subscribed for 919 national and international **e-journals** which can be accessed by the students. Our treasure bank has also introduced digital library with NPTEL software in which students can access and download the materials of all IIT's. There is an availability of ECAP (Engineering College Automation Package), which is very useful to our students to Issues and Returns of the books of our library.

EXTRA-CURRICULAR ACTIVITIES

Sports as extra-curricular activity are well played by our students and got 26 prizes in different events by our students in this year. This year sports day was conducted on 29.08.2019. Various students' games and athletic activities were carried out and staff also participated in games and won prizes. The students were indeed confined to participate in the sports activities in the campus and within their locale.

EXTENSION ACTIVITIES

"Serving Humanity" never takes the backseat in our scheme of activities. There were nearly 950 students of I, II, III and IV year from various departments who actively participated in various social activities to serve the nation. Their role in Blood donation camp, planting the saplings, vaccination camp, mobile corona awareness program and Digital awareness were appreciated after this lockdown period. It's our privilege to appreciate those young buds who enthusiastically gave their hands to support the people.

FINANCIAL CONTRIBUTION

The Alumni association and the philanthropists render financial support which is extended to deserving students whose parents do not have fixed source of income. An amount of **Rs.42,000/-** was contributed from the Alumni fund. We appreciate and acknowledge the generous contributions made by some of the alumni members.

MEMORANDUM OF UNDERSTANDING

To enhance the career opportunity and promote the competitive spirit in students the college has taken initiatives to have tie ups with

- 1) APSSDC, MOU
- 2) ADS softek, Mou
- 3) ICT Academy, Mou

CONCLUSION

The year ahead is expected to show the better progress with the collective efforts of the Principal, dedicated faculty, technicians, administrative staff and supportive management.

**Annual Report for the Academic Year
2018-19**

11th Annual Report of KITS

Principal's Annual Report for the academic year 2018-19 27-03-2019.

1. Introduction:

Honorable Chairman of the Institute, **Sri Anna Venkata Rambabu**, Garu Respected Secretary & Correspondent, **Dr. Krishna Chaitanya garu**, Other distinguished guests, Parents, staff, Media and my dear students good evening to you all.

I am very happy to present the 11th Annual Report of Krishna Chaitanya Institute of Technology and Sciences for the year 2018-19 before the august audience present here. This can be attributed to the dedication and team spirit of the staff members, students and members of the management.

KITS promoted by Anna Educational Trust, was established in the year 2008 by Sri Anna Venkata Rambabu, Garu, Chairman of the trust. Sri Anna Rambabu garu is well known for his charity works, love for poor & needy people and motherland.

The institute is spread over 40 acres of beautiful, lush green and serene land, very close to Markapur town. Our chairman has not compromised in bringing out such a monumental infrastructure in this remote area. I feel proud to say that the students, teaching and non-teaching staff of KITS are fortunate to have such a great man as Chairman.

Sri A. Krishna Chaitanya, Garu **Hon'ble** Secretary & Correspondent, KITS, young, energetic and dynamic and personality who has shaped the institution to achieve academic excellence. He has great vision on value based quality education.

We are happy that seven batches of students completed the B.Tech Degree Course from KITS and came out successfully. Ten years for an institution is a worthy stage where one can start matching expectations with results, objectives with achievements. It's a day of retrospection. KITS has emerged as an engineering institution with difference, a promising institution of the region providing value added, quality education in engineering, an institution striding towards excellence!

2. About college:

KITS is growing at an incredible pace, marching ahead with all its might, definitely with the right spirit and in the right direction. This is possible because KITS family believes and follows the institutional Core Values namely Discipline, Determination, Dedication. Students are oriented here towards eye-catching value additions, namely, the quest for knowledge, the desire for innovation, the approach for total personality development. The institute has rightly envisioned becoming a role model in technical education and the most preferred choice of students, parents, faculty and industry! Let me take this opportunity to acknowledge gratefully, the support extended by Chairman sir, Secretary sir, all the HODs, A.O, faculty and staff

members of KITS, all the parents, well wishers and resource persons from industries, as well as Print & Electronic Media representatives; in realizing our objectives.

Vision:

To emerge as a premier institution for engineering education and research, and serve as resource center for the industry and society.

Mission:

Imparting technical education to students in a caring and learning environment so that they blossom as globally competent technocrats who respect and value their culture and contribute to national development.

Providing cutting edge academic and research facilities so as to chisel the students to fit them into a technically challenging future, instilling positive, productive thoughts that will enable them to walk in the road of success.

Facilitate the use modern pedagogy and ICT for improving the teaching-learning process and to involve students and faculty in innovative research projects linked with industry, academic and research institutions in India and abroad.

College Strength:

We have 1392 students on roll now, of which 337 are in final year, 359 are in the third year, 362 are in the second year and 334 are in the first year of five B.Tech courses, namely Civil Engg., Electrical & Electronics Engg., Mechanical Engineering, Electronics & Communication Engg. and Computer Science & Engg.,. We have 86, well qualified faculty members and 34 non-teaching staff members on roll.

The annual report here bears testimony to the remarkable achievement of our faculty and students in this academic year 2018-19. Our students have left no stone unturned with regard to their performance in different aspects. Congratulations and sincere appreciation to the class toppers. Skill development program facility is available in the institution. Many students have been trained under the skill development program and employed in different companies.

In this academic year, we offered the courses Civil Engineering, Electrical & Electronics Engineering, Mechanical Engineering, Electronics & Communication Engineering, Computer Science & Engineering, and Artificial Intelligence and Machine Learning.

Achievements:

This year our college conducted 23 national level workshops to enrich the students knowledge.

The department of Civil Engineering has been involved in consultancy work for reputed companies for the last seven years, with contracts worth up to 16 lakhs.

Students Achievement:

Our students received 47 prizes for their performance in different technical events conducted at various colleges in Andhra Pradesh. Our students participated in events such as PPT, Poster presentations & quiz conducted across the state of Andhra Pradesh and won prizes in many cases. Every year, students visit construction industries to gain practical knowledge. This year, the students visited the Srisailem Power Project and the Medical College Construction Site. The department conducted Seminars, Technical Quizzes, and department Association activities to enhance students' knowledge. For the benefit of the students, we conducted personality development programs and CRT Classes.

STAFF DEVELOPMENT PROGRAMES

We organized 01 faculty development and professional development programs, 05 short term professional development programs in this academic year. 63 of our faculty members have attended Faculty development & Professional development programs and many other short-term development programs conducted at various outside colleges. 13 number of administrative staff members are attended for training programs conducted at various institutions. Our faculty members published 08 papers in reputed UGC listed journals. Many of our senior faculty members have given guest lectures in nearby engineering colleges. 53 faculty members are provided financial support to attend conferences/workshops.

Student achievements:

- IETE student forum and NPTEL student chapter were opened in this academic year for all departments.
- fourteen students obtained NPTEL certificates.
- all second and third-year students participated in a community service project to raise awareness in the society and educate people in various fields.
- all fourth-year students published papers in ugc core-listed journals.
- 550 of our students completed internships and obtained certificates.

- around forty students from our college presented papers and participated in various events and won prizes at different colleges.
- Four articles written by a. Rani, Sai harshitha, Nandhini, and Neelima were published in the INTUK newsletter.
- Six students have completed a project on cast discrimination.
- Some of our students have launched a service-oriented organization called helping hands to assist the poor and downtrodden people.

Placement & Training:

The Placement & Training Cell serves as an interface between the students and the Corporate. This cell is headed by Dr. P. Prasanna Murali Krishna. The placement cell started its activities in the month of August by organizing various workshops and seminars on resume writing, facing interviews, group discussions, and written tests. Efforts have been made to invite companies with varied profiles to suit the requirements of our students looking for jobs in finance, accounting, marketing, sales, computers, audit, and research backgrounds.

The following activities have been taken by the TPO during this academic year;

- Fourteen days training was given to final B.Tech students on Core-Java &Python Programing by IT Curve Technologies PVT LTD.
- One day awareness program on Job Opportunities in VLSI domain
- Ten days Training was provided to all the Fourth B.Tech students on Soft Skills by RUBICON ,Pune in two phases
- An awareness program on Study at Abroad was conducted by xpress overseas visa consulting pvt,LTD ,Hyderabad .

This year 163 our students got placed in different companies like TCS, Tech Mahindra, HCL Technologies, HYUNDAI Mobis, L&T Technology services etc.

LIBRARY

Our library is the centre of attraction to our college with Spacious reading rooms and enriched with 15,890 volumes, 2532 titles, 22 national and 10 international journals and 1243 CD Rams. Also we have SC & ST book bank facility in our college library. This library has also

subscribed for 919 national and international **e-journals** which can be accessed by the students. Our treasure bank has also introduced digital library with NPTEL software in which students can access and download the materials of all IIT's. There is an availability of ECAP (Engineering College Automation Package), which is very useful to our students to Issues and Returns of the books of our library.

EXTRA-CURRICULAR ACTIVITIES

Sports as extra-curricular activity are well played by our students and got 44 prizes in different events by our students in this year. This year sports day was conducted on 29.08.2019. Various students' games and athletic activities were carried out and staff also participated in games and won prizes. The students were indeed confined to participate in the sports activities in the campus and within their locale.

EXTENSION ACTIVITIES

"Serving Humanity" never takes the backseat in our scheme of activities. There were 417 students of I, II, III and IV year from various departments who actively participated in various social activities to serve the nation. Their role in Blood donation camp, planting the saplings, swachha bharath, awareness program on AIDS and Gender Issue. It's our privilege to appreciate those young buds who enthusiastically gave their hands to support the people.

FINANCIAL CONTRIBUTION

The Alumni association and the philanthropists render financial support which is extended to deserving students whose parents do not have fixed source of income. An amount of **Rs.38,000/-** was contributed from the Alumni fund. We appreciate and acknowledge the generous contributions made by some of the alumni members.

MEMORANDUM OF UNDERSTANDING

To enhance the career opportunity and promote the competitive spirit in students the college has taken initiatives to have tie ups with

- 1) IT Curve, Mou
- 2) ICT Academy, Mou
- 3) Data point solutions, Mou

CONCLUSION

The year ahead is expected to show the better progress with the collective efforts of the Principal, dedicated faculty, technicians, administrative staff and supportive management.
